Note: Time will not permit us to cover everything. We should set priorities at the beginning of the meeting.

1. Approval of minutes (as available)
2. Correspondence
3. Chair's report
4. Resources: administrative support
5. Schools discussion including treatment in Director PD
6. Task force draft report updates
 - Pam: Exec Summary
 - Wally: What We Heard from the Public
 - Brian: Carbon footprint, emissions inventory
 - Dan/John CMLP.
7. Sectors discussion
8. Discussion (continued) of net zero and personal responsibility if time
9. Update on public comments to EFTF: plans for organizing and using these
10. Reflections on public meeting and next steps considering, for example, the following topics from the public meeting:
 - a. Community engagement and the fact that a very small % of Concord residents have weighed in
 - b. Education (related to #1)
 - c. Timelines/incremental steps
 - d. Fleshing out leadership. Our relationship to top municipalities nationwide and other markers
 - e. Town processes, by-laws: how to include energy/emissions goals in what various departments, etc. do; maybe recommend rewriting them

- f. Children
- g. How to address disruption
- h. Integration of town governmental activities as appropriate to advance energy/emissions goals
- i. Opportunities to prevent more bad habits from settling in
- j. Providing guidelines, guiding principles for citizens and town government to employ
- k. Addressing funding needs, expertise required

11. Citizen comments
