

2229 Main Street Oversight Committee

Tuesday February 5, 2019, Meeting Agenda

141 Keyes Rd, 1st floor meeting room

7:30 pm meeting begins

1. Review old minutes
2. Prepare for February 13th EPA technical group meeting (10am at 2229 Main St, followed by site visit to the new treatment building on Knox Trail.)
3. Review progress for the 1,4-dioxane remediation.
4. Review progress for the whole site Consent Decree and strategies for encouraging a speedy agreement (currently the agreement has been negotiated and signed off by all the PRPs and participating agencies, but is awaiting a signature from the Department of Justice in Washington DC – the consent decree for the building removal was delayed several years awaiting a similar signature, but was quickly signed once StarMet abandoned the site.)
5. Discuss ways the committee can help encourage Town redevelopment plans for the site (currently the Town has planned to have a redevelopment committee, but no progress has been made about getting this committee together.)
6. Open the floor to comments & questions.

Adjourn meeting by 9:30pm
