

PUBLIC INFORMATION MEETING

CONCORD CEMETERY COMMITTEE

7:00PM - WEDNESDAY – November 7, 2018

Town House Hearing Room
22 Monument Square

The Concord Cemetery Committee will be holding a public information meeting on Wednesday, November 7, 2018, in the Hearing Room at the Town House. The Committee and the Cemetery Superintendent wish to solicit public views as we consider the supply of future gravesites and other burial options in Sleepy Hollow Cemetery. The Committee is considering offering several options including a columbarium for the interment of cremated remains, mausoleum sites, and a scattering garden for cremated remains; green burials, though not presently being contemplated for cemetery use, will also be discussed. The Committee and Cemetery Superintendent welcome public commentary on these considerations and invite interested members of the public to attend.
