

**Warner's Pond Community Meeting**

Wednesday, November 8, 2023, 7:00 p.m.

The community is invited to a public discussion hosted by the Natural Resources Division.

Join us to discuss the problems facing Warner's Pond, solutions proposed or tried to remedy the problems, and to learn about dam removal to restore a healthy riverine system and improved recreational capacity for visitors. Attendees will have the opportunity to participate in an interactive survey at the meeting.

This is a hybrid meeting; we will meet in person at the Select Board Hearing Room at 22 Monument Square. To access the meeting virtually, click on this link:
