She stated that seniors are feeling nostalgic and are excited to see each other. She recognized CCHS senior, True Becker, for competing on the television show “America Ninja Warrior”. Regarding return to in-person, Ms. Xu noted the adjustment period that students would need. She thanked the CCHS teachers for their empathy and concern for student safety and well-being.

Mr. Booth stated that the CMSBC Design Subcommittee met earlier in the day, noting that the committee learned that the property could accommodate a large gym. He stated that the subcommittee would be bringing this information to the larger committee on Thursday morning.

Ms. Bout stated that the CMSBC Communications Subcommittee planned the next community forum for Wednesday, March 31st at 7:00 PM. She noted that they are working on a new version of the website to make it easier for people to navigate and find what they’re looking for.

Ms. Mostoufi stated that Concord Carlisle Community Education would be meeting Friday morning at 11:00 AM via Zoom. She stated that the hard copy of upcoming programming is in everyone’s mailbox, noting all of the great offerings.
Ms. Wilson stated that she and other SC members attended the METCO and Families Organizing for Racial Justice panel discussion on segregation in suburban schools, noting that METCO reported that this was its most RSVP’d to event, with about 500 people RSVP’ing. She stated that it was a great conversation about the strengths and challenges facing students in the METCO program and the program itself. Ms. Wilson stated that there is a link to the discussion on METCO’s website and noted the great resources linked in the follow up email from METCO.

IV. CORRESPONDENCE
Ms. Wilson stated that CCSC received an inquiry about returning to school in-person and a letter about the possibility of recognizing CCHS graduates that have died in military service.

Mr. Booth stated that CSC received 10 pieces of correspondence regarding the work underway on the position related to diversity, equity and inclusion, noting that the actual number of people was actually higher than 10 since some of the correspondence represented additional people. He stated that CSC also received one piece of correspondence on expanding in-person time and one on marketing.

V. DISCUSSION
A. CCHS Expansion of In-Person Learning. Dr. Hunter stated that the intent is to return all high school students in-person full time as of April 26th, noting that given the number of students, the distance may need to be decreased to 3’. She stated that fully remote will remain an option for the rest of the year, noting that families will need to commit to either in-person or fully remote. Dr. Hunter stated that lunch would be 6 foot distanced and will be held outside, weather permitting. She stated that a survey on transportation needs would be send out and noted that Mr. Mastrullo is looking at parking. She stated that the desks currently in the common spaces would be returned to the classrooms. Dr. Hunter stated that there are staff and student surveys going out and noted that MCAS testing would be held during the weeks of May 5th and 19th. She stated that CCHS is working hard on options for the seniors, recognizing the importance of having activities in a safe manner. Dr. Hunter reminded everyone that COVID is still spreading and asked for everyone’s cooperation, noting the importance of the asymptomatic testing.

VI. OLD BUSINESS
A. Equity Leadership Structure. Dr. Hunter shared an overview of the Director of Diversity, Equity and Inclusion position, noting that it will be a district wide position across all grade levels. She then reviewed the METCO Director position, noting that it would also span the district. Mr. Booth stated that the position captures much of the community sentiment, noting that it will expand equity efforts.

B. CCRSD FY22 Budget. Ms. Wilson recognized the commitment to diligence and thoroughness with the work on the budget. Dr. Hunter noted that the warrants are due on March 19th. Mr. Stanton stated that the current recommended budget is $35,759,374. He stated that, with a 10% reduction ($13,625) to the instructional software budget lines at the high school, the updated recommended budget would be $35,745,749. Ms. Bout noted her concern for cutting the software lines during the pandemic, but stated that she understands the need to cut if other lines need to increase. Mr. Stanton reviewed the budget impacts of the new positions in the new equity leadership structure. Ms. Rainey noted all of the Biden money that was incoming, noting that the towns were getting less money than the schools. Ms. Mezdad asked if there was any follow up on the controls on the computers being brought home. Dr. Hunter recommended adding an agenda item to a meeting in April and having IT bring information to the School Committee, noting that the summer would be a perfect time to work on the devices. Ms. Mostoufi noted her concern for cutting the software lines for special education students while still in the pandemic.

A motion was made by Mr. Booth, seconded by Mr. Bout, that the Town raise and appropriate the sum of $35,759,374 as the Town’s apportioned share of the Concord-Carlisle Regional School District budget for the fiscal year ending June 30, 2022; and that the same be expended only for such purposes and under the direction of the Concord-Carlisle Regional School Committee. Mr. Booth noted that if CPS were to align with CCRSD, they would consider restoring this as a potential offset to the Pre K-8 contribution to the new positions around diversity, equity and inclusion.
