

Warners Pond Management Committee (WPMC) – Conceptual Model Subgroup

Meeting Minutes - March 19, 2026

Attendees: Elissa Brown (Clerk, pro tem); Dan Stapleton, Rose Kaforski (Asst. Natural Resources Director)

Meeting opened at 3:00 pm

Dan presented the draft conceptual model for Warner's Pond that he developed. His presentation included slides including the following elements:

1. Environmental Setting
2. Physical Characteristics
3. Hydrology and Hydraulics
4. Sediment and Nutrient Sources
5. Water and Sediment Quality
6. Wetlands and Pond Vegetation
7. Habitats, Fish and Wildlife
8. Climate Change Projection (Temperature, precipitation, pH, conductivity)
9. Pond Ecology Health Issues and Associated Clauses
10. Past Management Activities

The subgroup discussed each topic, asked questions, and agreed to review the draft content again before the next subgroup meeting.

No members of the public were present.

The meeting concluded at 5:38 pm.
