In attendance: Carmen Jaquier, Nina Nickles, Cheryl Baggen
No guests

Meeting called to order 7:45

Minutes of 3/25/19 approved.

Committee decided which materials should be available at its table at The Cooler Concord Sustainable Landscape Fair.

Discussion about NRC's stated intent to have White Pond gifted parcels A and C be farmed. Emails from Katie Hodge and Andrea Sinai regarding this topic were noted.

Carmen summarized her conversation with the Head of the Division of Fish and Wildlife during which he appeared open to reconsidering the amount of fish stocked at White Pond and to engage in further discussions about the water quality at the Pond. Carmen learned that John Sheehy is the individual in charge of fish stocking. She also learned that Concord and the State are in the process of creating a Land Management Agreement regarding how best to proceed with improving the boat launch and minimizing runoff from that road into White Pond. Vanessa Curran, from DCR Department of Conservation and Recreation is involved with creating this agreement.

Meeting was adjourned at 8:20
