Public Comments

Gwen Bertrand: CASE Teacher Association President addressed the Board. Gwen wanted the Board to know the level of stress among all the staff, and all the mandates coming from DESE. It is really challenging if there is anything that can be done to help alleviate some of the stress of the staff. CASE is doing a wonderful job in keeping the kids safe and hope that more kids come in-person.

Linda Dwight said they are understanding of the stress, and that the Board would find ways to help the staff through this.

General Update

Sanchita Banerjee said it is a challenging time and wanted to echo what Gwen Bertrand said. Sanchita indicated that she really commends all the administrators, central office staff, program staff, and transportation staff in keeping everyone safe in accordance with the safety protocols in place.

Sanchita Banerjee gave the Board a general update. She reviewed the school sites locations, student enrollment and transportation for the 2020-21 school year. School locations; 5 districts host some of our classrooms and we do have an approved public day school location in Acton.

Student enrollment; 106 students are enrolled. Member district consists of 65 students; Non-member districts, 41 students. As of November 2020, CASE has 81 (75.7%) students attending In Person instruction. There are 26 (24.3%) students accessing Remote learning.

Marty Finnegan presented information regarding transportation. Presently CASE is transporting 222 students to 81 programs in 32 towns. We currently have 78 drivers working, and several are out due to either COVID or medical issues. We have all the PPEs that are needed. Drivers make sure the vehicles are cleaned with disinfectant spray/wipes on touch points after each run.

Sanchita recognized the team at CASE in charge of technology is CETT (Consultation, Education, Training in Technology) – Donna Marcotte, Susan LaSante, Karen Levy and Katelyn Croft for their work especially during the COVID period. They have provided CASE with strong expertise and guidance. They have offered professional development for staff individually and in groups throughout the whole period. They work behind the scenes to make things happen for all staff and administration. They are also preparing to support families this year. We are truly grateful to them and their service to CASE during this challenging time.

Benefits of CASE Drivers During COVID

At the last Board meeting in September, the Board voted to pay CASE drivers a minimum of 25 hours per week. The Board's vote covered the period of September and October 2020. This vote was taken by the Board because many of our drivers were not working their full schedule due to COVID impacted school schedules.

The Board reviewed information presented on the drivers schedule, actual hours worked, actual hours paid and the difference between payment for driving students and payment for other tasks performed.

Linda Dwight thanked Marty Finnegan for the extra work in providing this information to the Board.

Marcia Berkowitz indicated that the program staff were very pleased with the help from the drivers.
