

## **Community Resilience Goals Article 23**

**Ms. Gill-Pazaris moves that the Town adopt the following resolution:**

### **RESOLUTION**

**To take action to maintain and regenerate our natural environment in order to protect our community and mitigate and build resilience to climate disruption, Town Meeting urges the Select Board:**

**a. to recognize climate resilience and the identification of cost effect methods**

**to build resilience as top priorities; and**

**b. to form a committee by fall 2018 to address town resilience to future**

**extreme climate events;**

**and further, that said committee, among other things:**

**1. consist of a multidisciplinary team with specialized knowledge;**

**2. recommend resilience goals, actions; and implementation plans**

**3. review and recommend changes and additions to current and new bylaws, regulations, policies; and**

**4. review proposals that affect natural systems; and**
