Re: **Traffic, Parking and Pedestrian Rules and Regulations – information
about specific revisions within the document.**
Date: September 10, 2015

As presented at the Select Board meeting of August 31, the draft Traffic, Parking and Pedestrian Rules and Regulations were **revised to match the current 2012 MassDOT State template format.**

The revised document resolves inconsistencies with the written traffic regulations and posted signage by **adopting all existing traffic regulations currently posted within the Town.** This information is found in the various schedules found beginning on page 39 through page 71.

The revised document provides an increase in the fine structure for the Group A and Group B categories by \$5.00. This information is found on page 23 and 24 **Article X Penalties and Repeal.**

Additional modifications have been incorporated relative to the Parking Regulations to meet the strategies outlined in the 2013 Parking Management Plan and further refined based on stakeholder input from July and August 2015. This includes increases of the parking fees from \$0.50 to \$1.00 for up to 3 hours in certain locations as presented on the maps presented on August 31. The changes to the Parking Regulations related to the Parking Management Plan are found beginning on pages 11 -12 under Section 5-13.1 through 5-13.5; page 44 Schedule 1A - Parking Restrictions in Parking Lots; and page 45 Schedule 1B – Parking Meter Locations.
