

TOWN OF CONCORD

Town Manager's Report

Week of: September 24th, 2018

Special Town Meeting

Special Town Meeting is this Monday, October 1st at 7:00 PM in the Concord Carlisle High School Auditorium. Information on the warrant, presentations, and more can be found online at concordma.gov/STM2018

Sustainability

The Town of Concord wants YOUR input on how we should take action to meet our climate and sustainability goals. Take our 5-minute online survey to help us create a vision and a plan for a more sustainable and resilient Concord.

Netflix Series Filming

After months of planning, a Netflix series, which has not yet been named, was filmed in part on Sunday September 23rd here in Concord Center. Thanks to the Police Department and Public Information Office for their incredibly smooth coordination of the day.

Citizen Survey

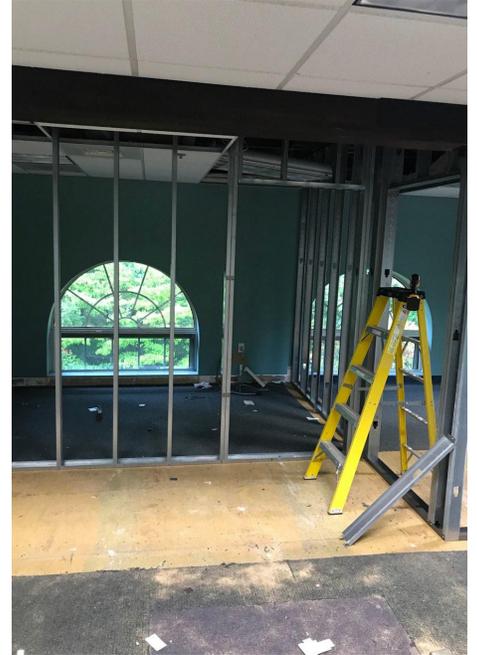

The Official 2018 Town Government Survey was mailed to every Concord household on Thursday, September 20th. It contains 43 questions and should take approximately 10 to 15 minutes to complete. The answers you supply provide direct insight into what you, and your family, want for Concord's future.

Questions range from "What local issue would you say is the highest priority for you?" to "How would you rate your satisfaction with the maintenance of Town roads?" The survey also asks residents about their opinion on how Concord should best prioritize efforts to achieve sustainability goals. Results from the survey will greatly assist the Town in analyzing and prioritizing programs and services provided to residents.

The Town would like to thank in advance all the residents who take the survey. For any questions or additional information, please contact Jon Harris, Budget and Purchasing Director, at 978-318-3039 or jharris@concordma.gov.

Building and Inspections and Health Divisions Construction Updates

The second floor of the Planning and Land Management Building which is home to Building and Inspections and Health Divisions is currently under construction. The departments began their temporary move last week and construction began immediately. Several staff members are still located on the premises in the conference room on the second floor for the public's convenience. Building and Inspections and Health services will continue to operate as usual.
