

**Climate Action Advisory Board  
Director's Update  
November 20, 2019**

Electric Vehicle Ride & Drive – The EV ride and drive event at CCHS on November 2<sup>nd</sup> was a success. Many dealers brought cars for test drives and the test drive slots filled up early in the day. We also had electric vehicles from the town's fleet as well as the electric school bus on display.

Middle School Building Committee – The sustainability subcommittee of the Middle School Building Committee prepared and shared a presentation to the full committee on October 31<sup>st</sup>. The goal of the presentation was to increase the committee's understanding of sustainability concepts and terms. You can find the [presentation](#) and [handout](#) on the [website](#). The committee has also selected a designer.

Sustainable Landscaping – The final of three sustainable landscaping workshops took place on Saturday, October 26<sup>th</sup> at Harvey Wheeler. Now we are focusing efforts on completing the sustainable landscaping handbook, the final piece in the project funded by MAPC.
