

# TOWN OF CONCORD

## Town Manager's Report

Week of January 6th, 2020

### Deadline Extended for Town Report Photos

It's that time of year again! We know you've been taking photos of Concord all year long and have some phenomenal shots you're ready to showcase. How about having your photo appear on the cover of the 2019 Town Report? A historic document, your photo will be seen for years and years to come! See some of the recent town report covers and imagine your very own photo on the cover.

Submit photos to [publicinfo@concordma.gov](mailto:publicinfo@concordma.gov) with your name and where the photo was taken by 5pm January 10th, 2020. Photos must be from Concord.

First place winner of the annual photo contest will be placed on the front cover of the 2019 Annual Town Report, second place will be on the back cover. Photos may also be chosen to appear in promotional materials at the Visitor Center!

### Christmas Tree and Styrofoam Recycling

**Friday, 1/10:** 9am-3pm, XMas Trees & Christmas lights  
**Saturday, 1/11:** 9am-3pm, Styrofoam, X Mass Trees & Christmas lights

#### Location

Composting Site

755 Walden Street

On Route 126, just across Route 2, on your left before you reach Walden Pond.

The 2019 holiday season was very bright thanks to the overwhelming generosity of Concord residents and town employees who donated gifts to their neighbors in need. Several thousand dollars' worth of gifts for children of all ages were collected through the Holiday Gift Drive managed by Concord's Community Services and the Concord-Carlisle Community Chest.

Approximately 130 children in Concord benefited from these generous donations. Many thanks to the National Charity League and volunteers from the Community Chest for their assistance in collecting the tremendous number of gifts received this year. And a special thank you to the Corinthian Lodge of Concord which donated \$5,100 in gift cards through their Masonic Angel Fund. Thank you to all who gave so generously!

Concord Middle School Project

Community Forum

Tuesday, January 14, 2020

7 p.m.

Concord Middle School-Sanborn Building

The Concord Middle School Building Committee invites you to come hear about the Concord Middle School feasibility study process and timeline, ask questions of the project consultants and learn about future opportunities to engage and provide feedback.

After a brief overview of the process and timeline, we will open the floor to community questions and feedback. Our goal for this initial forum is to kick off the feasibility study public engagement process and hear from you! Visioning education in a new school will be a priority in the discussion. Subsequent sessions will be scheduled that will provide updates on the study progress and respond to questions raised.

We welcome your comments and input via the CMSBC email portal: <https://www.concordps.org/cms-building-project/email-the-cms-building-committee/>

Addition information and our meetings and forums online are found on the CMSBC webpages:
