Re: Construction of Sport Court over Existing Water Main Easement

This memo is to acknowledge that Minute Man Arc's planned sport court at 35 Forest Ridge Road, Concord, MA, will be constructed over an existing water easement of the Town of Concord. Minute Man Arc gives permission for the Town to have access for routine maintenance, inspection, and repair work as needed for the water line. Minute Man Arc also understands that in the event the Town must respond to complete a routine or emergency repair within the sport court area or paved walkway, the Town will backfill and provide asphalt paving to match the existing to the extent it can. The Town will not be responsible for restoration of specialty court materials, pavement markings, fencing, retaining walls or other special features that might be damaged as a result of the response by the Town to complete water line repairs.
