

CMLP is moving forward on its commitment to providing clean electricity. This means you may notice a small increase on your next bill.

Electricity rates will increase \$0.0050/kWh effective September 1, 2020. The average Concord customer will see an increase of \$4/month.

	\$137	Average monthly Concord electric bill
	\$4	Rate increase
<hr/>	\$141	New average monthly Concord electric bill

We are here to help you save. Especially because we're spending more time at home, it's a great time to take action to save now and even more in the future by improving your home's efficiency.

- Free home energy assessments
- Rebates for solar, heat pumps, LED lighting, insulation, and more!

CMLP is committed to providing 100% carbonfree electricity by 2030. This is key to achieving Concord's climate goals. Each year, CMLP is working to keep us on track. Read more about our power supply at:
