July 30, 2020

Definitive Subdivision Plan 1450 Main Street:

The Concord Fire Department has reviewed the Definitive Subdivision Plan for 1450 Main Street.

- The fire department operates a ladder truck and the grade of the project should not exceed a seven to eight degree slope in grade, in particularly the entrance into the subdivision. Anything greater would cause the ladder truck to bottom out.
- The placement of fire hydrants in the subdivision needs to be ensured and consulted with the fire department.

Respectfully submitted,

Walter Latta Jr.
