

Climate Action Advisory Board
Director's Update
May 19, 2021

2020 Annual Sustainability Report – The [2020 Annual Sustainability Report](#) is complete and available on the town website. It highlights sustainability successes from the year. This is the third annual report and past reports can be found with reports and resources on the [sustainability page](#).

Electric Home Case studies – A number of electric home case studies have been completed and published [online](#). CSEC members have identified homeowners who have transitioned to heat pumps and conducted interviews to develop this collection of case studies. More will be completed and added to the website over the next couple of months.

UNH Summer Fellow – Concord is participating for the third year in UNH's Summer Sustainability Fellowship program. This year's fellow will begin on June 7th and will be focused on financing options for energy efficiency.
