TOWN OF CONCORD
SELECT BOARD
MAY 10 2021
MINUTES

Pursuant to notice duly filed with the Town Clerk, the Concord Select Board convened in a meeting via video conference on May 10, 2021 at 4:00pm.

Present were Linda Escobedo, Chair; Susan Bates, Clerk; Jane Hotchkiss, Terri Ackerman, and Matthew Johnson. Also present was Stephen Crane, Town Manager.

Call to Order

Roll call vote
Ms. Escobedo: Present
Ms. Bates: Present
Ms. Ackerman: Present
Ms. Hotchkiss: Present
Mr. Johnson: Present

Consent Agenda

- Minutes to approve: April 5, 2021; April 12, 2021; April 12, 2021 Executive Session (not to be released)

Upon a motion duly made and seconded, it was UNANIMOUSLY VOTED: to approve the consent agenda.

Roll call vote
Ms. Escobedo: Aye
Ms. Bates: Aye
Ms. Ackerman: Aye
Ms. Hotchkiss: Aye
Mr. Johnson: Aye

Town Manager’s Report

Governor Baker recently announced that four mass vaccinations sites would be closing by the end of June and that vaccination efforts would be focused at the regional level in partnership with local boards of health. The regional vaccination clinic that was submitted by a nine-town collaborative, including Concord, is still pending before the Massachusetts Department of Public Health (DPH). It is unclear if that application will be approved but Health Director Susan Rask has contacted DPH to reiterate our commitment to the regional clinic.

The Concord Police Department participated in a bicycle rodeo for children on Saturday, May 1, at Cousins Field, and featured a variety of activities and courses that children, parents and officers took part in together. Children won prizes, including backpacks and reflective stripes.
Officer Anthony Salvucci, Detective Tia Manchuso and Inspector Ronald Holsinger were on hand to help participants of all ages learn new skills — including the rules of the road — in order to help children safely ride their bikes to school. The event was held ahead of National Walk, Bike and Roll to School Day on Wednesday, May 5, which was celebrated with support from Concord Police, the Concord Public schools, Safe Routes to School and the Transportation Advisory Bicycle Subcommittee, as well as numerous community members, to make the event a success.

In accordance with MassDEP’s requirement for all Public Water Systems (PWS) serving between 10,000 and 50,000 customers to begin quarterly sampling for PFAS in the month of April 2021. Division staff completed initial sampling activities on April 12th at all raw and finished groundwater supply sources. Testing was performed under MassDEP’s free PFAS Lab Analyses Program for PWS, with the cost for field samples, associated confirmatory samples, and QA/QC data review covered under the program.

Initial results were received in late April, and confirmatory sampling to ensure the validity of initial results was completed in early May. While not final, these initial results demonstrate that all groundwater supplies have levels of PFAS6 below MassDEP’s Maximum Contaminant Level (MCL) of 20 parts per trillion (ppt), indicating immediate or emergency treatment for these compounds is not needed at this time. One groundwater supply (Hugh Cargill Wellfield) had an initial result of >10 ppt, and will likely require monthly monitoring going forward. All other groundwater supplies will remain on quarterly monitoring. Notably, there was no detection of PFAS6 at Robinson Well. Messaging is actively being prepared to communicate these results to our customers, including the development of a webpage dedicated to this topic.

The benches at Heywood Meadow will be replaced this week after receiving a facelift from resident Michael Sprague, who sanded the benches and applied marine grade spar varnish to each bench.

The Division of Natural Resources invites all residents to participate in pulling the wildly invasive Garlic Mustard that is currently flowering around Town. The Division of Natural Resources staff will train volunteers on garlic mustard identification and will supply yard waste bags for garlic mustard.

The Fire Department responded to eighty-one calls for service and conducted several fire prevention inspections including a property with two 1,000 gallon underground propane tanks. School fire drills were also conducted at Alcott, Thoreau, Ripley, and Willard. This burn season through Permiteyes, we have issued over 362 burn permits. We still have 22 Agriculture burn permits active and we have received 280 request and transactions for permits and 26Fs.

Mr. Crane announced that the Town of Concord has once again received an AAA Bond Rating with stable outlook from Moody’s. Mr. Crane commended the Chief Financial Officer Kerry Lafleur and her department for their work.
Chair’s Remarks

Ms. Escobedo noted that the League of Women Voters recently held a presentation regarding cyber security led by Chief Information Officer Jason Bulger and the Town Manager. The League of Women Voters also held a presentation on Open Meeting Law from the Assistant Attorney General.

The Select Board sent a letter to the Middle School Building Committee last week to applaud all of the work they have been doing. The Select Board also encouraged them to target, as closely as possible, a one hundred million dollar project, and strongly encouraged them to listen to the significant feedback from the community at this time as they seek compromise before moving into the schematic design phase.

Concord Library Sustainability Committee Draft Report

The Library Sustainability Committee has drafted a sustainability plan. Library Corporation Director Sherry Litwack and Library Trustee Jeff Adams presented the report. The plan outlines the necessary steps for assessing, planning, and implementing a series of collaborative actions across operations and programming between 2021 and 2026 and establishes the aspirational goal of carbon neutrality by 2030. The plan builds on the commitment of the Library to meet the needs of today and future generations through stewardship and information sharing. Finally, the plan aligns with the Town of Concord’s emissions reduction goals for 2050. This plan supports a ten year roadmap to climate neutrality and sustainability for the CFPL Corporation and its partners. Residents can view the full plan on the committee’s website.

Select Board members voiced support for the committee’s goals of consistently reassessing needs and feasibility of different sources of energy, new technology, and grant opportunities. The committee acknowledged the rapidly changing energy market and technology landscape, and the need to plan and reassess in short intervals in order to meet the goal of carbon neutrality.

Update on 2019 Hard Drive Data Breach

Mr. Crane reiterated that in October 2019, 108 hard drives were inappropriately removed from Concord Public Works, where they were being held in preparation for proper disposal. Concord Police launched an extensive investigation which is ongoing. There has not been definitive proof of a case of identity theft associated with this breach. Under state law, the Town had to notify the population that was impacted by this breach. Part of this process includes offering credit monitoring to the party subjected to the breach. The hard drives were not encrypted, a third party forensic data company searched the devices the drives were taken from to understand who was impacted. A third party call service has been providing credit monitoring to impacted individuals who were notified. Mr. Crane stated that the Town has taken all the steps that need to be taken, and is in the process of summarizing the impact of the data breach and all the steps that have been taken.

Assign Select Board Warrant Article Narratives as needed

Ms. Escobedo stated that it is unlikely there will be a Select Board narrative needed for the Town Meeting materials booklet regarding any of the articles in the previous agenda item. Draft narratives need to be completed by the 19th to Ms. Escobedo. These will be discussed on May 24th.

Committee Nominations:

Chief Financial Officer Kerry Lafleur to the Retirement Board for a term to begin on June 1, 2021, set to expire on April 30, 2024

Committee Liaison Reports

Ms. Hotchkiss attended the White Pond Advisory Committee meeting, where Deputy Town Manager Kate Hodges and Town Manager Stephen Crane met with the committee regarding the redevelopment plans for the pond. The Natural Resources Commission met and discussed the wetlands boundaries requirements for different properties.

Ms. Ackerman attended the PEG Access Committee meeting, where they are looking for three new members. The PAAC also voted to support Article 41 for the 2021 Town Meeting.
West Concord Advisory Committee and West Concord Cultural District Committee held a joint meeting where they reviewed the preamble of the West Concord Building Design Guidelines. The West Concord Junction Cultural District Committee is looking for a new member.

Mr. Johnson attended the Middle School Building Committee, where they voted 14-2 to revise the space summary recommendation and move to the schematic design phase. The Housing Authority Board has negotiated a contract with the new Executive Director Jennifer Polito. Town engineers have also completed a proposed site plan for a new house on Commonwealth Avenue and will be submitting a notice of intent to the Natural Resources Commission. The Public Ceremonies and Celebrations Committee is preparing for their Memorial Day celebrations. The MAPC MAGIC group met and discussed the MetroCommon 2050 Plan, with a focus on strategies for developing affordable housing in the region.

Ms. Bates attended the Planning Board meeting, where they had a hearing regarding Concord Children’s Center proposal at 250 Old Bedford Road. The hearing will be continued until June 4. On June 22nd, there will be a public forum on the MAPC’s plan for the Thoreau Business District. The Concord Business Partnership heard a presentation from the Middle School Building Committee. The Cemetery Committee met and discussed the declining population of Blanding’s Turtle in Concord. The committee is working with Mass Wildlife to protect the turtles. Ms. Bates announced she will not be stepping up to the role of SB Chair for FY’22 as might be expected as SB tradition for the board’s Clerk.

Miscellaneous Correspondence

Correspondence was included in the meeting materials.

**Town Manager’s Report**

The Town is working with a private pharmacy, PelMed to schedule a vaccine clinic for Concord Middle School (CMS) and Concord Carlisle High School (CCHS). The clinic will be held after
school hours at the temporary facility in the CCHS parking lot. The vaccine doses will be provided by the pharmacy. The clinic will be open to families from CMS, CCHS, Carlisle Middle School, and local private schools. Registration will be coordinated by PelMed.

On 5/13/2021, shortly after noon, the Town experienced an outage from one of the three Internet Service Providers that cascaded into a failure of traffic routing on Concord’s Broadband and Town network data.

The Town has engaged Concord Resident Ed Hurley-Wales of EHW Consulting to provide Diversity, Equity, and Inclusion services with the expressed goals and aims of increasing inclusion amongst leadership and staff, to better address barriers that limit belonging and full equity, and to create a system and clear roadmap, and increased capabilities.

Seasonal water use restrictions have been imposed for outdoor watering. Whereas, ongoing work associated with the Nagog Pond Intake Replacement project will render this source inoperable into June – compliance with the one-day per week lawn watering restriction is critical. Should customers not abide by these mandatory restriction demand will exceed supply.

The Town has received the attached hearing packet for the Joint Committee on Consumer Protection and Professional Licensure, which will hold a hearing on Thursday, May 20, 2021 on a number of bills including H. 3712. The bill was filed by Rep. Gouveia in accordance with the home rule petition approved at the 2020 Annual Town Meeting (Article 50). The current legislation differs slightly from the Article in that it identifies the four locations that would be eligible for the special licenses; this change was made at the request of legislative counsel.

Chair’s Remarks

Ms. Escobedo noted the Moody’s AAA Bond Rating that was included in the meeting materials, and thanked the Town Manager, Chief Financial Officer and her entire department, the Deputy Town Manager and all the Town’s senior management team for providing excellent budgetary guidance to achieve this rating.

Update on 911 Regional Dispatch Governance Agreement

The Police Chiefs, Fire Chiefs, and Town Managers of both Concord and Acton attended to present this item. The draft agreement and governance model to establish an independent regional dispatch center for Acton and Concord was included in the meeting materials.

The Select Board questioned the employee composition of the oversight for this agreement, and about outreach to the dispatchers to get their input on the agreement. Mr. Crane stated that this would be sorted out in the next phase, but emphasized a commitment to ensure the same or better working conditions for dispatchers, and that dispatchers from both communities would be represented by the same bargaining unit.
The Select Board also questioned the financial impact of adding an Executive Director, Supervisor, and Treasurer. Mr. Crane stated that this would be covered through the state’s subsidy for regional centers. The grant application to the state is due on May 31st, 2021.

The Police Chiefs and Fire Chiefs of both Acton and Concord responded to community concerns that converting to a regional center would not disrupt any institutional knowledge that existing dispatchers have, emphasizing that modern day dispatchers rely on technology for their roles and are usually not Concord or Acton residents.

The representatives from Concord and Acton both agreed that entering into a regional agreement would result in less cost to both municipalities, and the proposal is supported by the public safety officials of both communities.

The Acton Select Board also will be reviewing this item at their meeting. The Concord Select Board will revisit this item at their May 24th meeting.

**Discussion of ATM Warrant Articles Discussed at the May 11 and May 13 Public Hearing**

The Select Board continued their process of taking positions on warrant articles ahead of the 2021 Town Meeting.

Review Consent Calendar for 2021 Annual Town Meeting

Town Moderator Carmin Reiss drafted a consent agenda for the 2021 Annual Town Meeting, which was included in the meeting materials.

The Select Board advised that the Moderator remove Article 38 from the consent calendar, and add Article 32.

There was no vote taken on this matter.

Article 7 Personnel Bylaw Amendment

Since the Select Board last discussed Article 7, the Personnel Board met and prepared a proposed amendment to the article. The Town Moderator consulted with Town Counsel and has ruled that the changes proposed were outside the scope of the initial article and were not submitted in time to be included on the warrant.

The Personnel Board will be holding a follow up meeting to consider next steps on Article 7. The Select Board will take a position on Article 7 at a future meeting.
Review 2021 Bond Sale

Chief Financial Officer Kerry Lafleur reported that the Town received competitive bids from bond underwriters for a $7,755,000, 10-year new money bond issue and a 5-year, $1,205,000 General Obligation Refunding issue. The Town received a total of eleven bids on the Bonds. Bids were ranked by lowest True Interest Cost (TIC), with the winning bid received from J. P. Morgan Securities LLC. This original bid provided a True Interest Cost of 0.681177%, including a premium of $1,672,581.60. The bid from J. P. Morgan Securities LLC was accepted by the Treasurer on behalf of the Town, subject to approval of the Select Board.

Ms. Lafleur is seeking approval from the Select Board to approve the bond award and execute all required documents. The Select Board did not have any objections.

Upon a motion duly made and seconded, it was UNANIMOUSLY VOTED:

That in order to reduce interest costs, the Treasurer is authorized to issue refunding bonds, at one time or from time to time, pursuant to Chapter 44, Section 21A of the General Laws, or pursuant to any other enabling authority, to refund the Town's $8,750,000 General Obligation Municipal Purpose Loan of 2011 Bonds dated May 17, 2011 maturing on May 15 in the years 2022 through 2026, inclusive (the "Refunded Bonds") and that the proceeds of any refunding bonds issued pursuant to this vote shall be used to pay the principal, redemption premium and interest on the Refunded Bonds and costs of issuance of the refunding bonds.

Roll call vote
Ms. Escobedo: Aye
Ms. Bates: Aye
Ms. Ackerman: Aye
Ms. Hotchkiss: Aye
Mr. Johnson: Aye

Upon a motion duly made and seconded, it was UNANIMOUSLY VOTED:

that the sale of the $7,680,000 General Obligation Municipal Purpose Loan of 2021 Bonds of the Town dated May 20, 2021 (the "Bonds") to J.P. Morgan LLC at the price of $9,146,732.09 and accrued interest is hereby approved and confirmed. The Bonds shall be payable on February 15 of the years and in the principal amounts and bear interest at the respective rates, as follows:

Committee Liaison Reports

Ms. Bates attended the Planning Board public hearing, where there was very little public feedback on the proposed articles for the 2021 Town Meeting. The Board of Assessors voted to release the overlay funds related to Article 19. The Board of Assessors is also looking for a new member. The Personnel Board met and developed the proposed amendment to Article 7.

Ms. Ackerman attended the CMLP Board meeting, where they discussed Article 31 and potential amendments. The CMLP Board supported Article 31. The CMLP Board deferred their vote on Article 41. The School Committee introduced the new Director of Diversity, Equity, and Inclusion. The Public Works Commission held a water rates hearing, where they discussed this year’s rate increase of 10%.

Mr. Johnson reported that the Public Ceremonies and Celebrations Committee is moving ahead with their Memorial Day commemoration.

Town Manager’s Report

The two-day clinic conducted by the Town at the temporary facility in the CCHS parking lot was highly successful. About 500 doses were administered to students from Concord, Carlisle, and others who had not yet received the vaccine. A second dose clinic will be held in three weeks.

While the Town awaits action by the Legislature and Governor regarding remote participation, plans are being made for boards and committees to resume in-person meetings after June. Given the busy schedules most boards and committees have, it is likely that there will be high demand for meeting spaces. The availability of meeting rooms in Town buildings has been impacted by the space reconfigurations made during the pandemic as well as Town House being offline. For example, some conference rooms were converted to workstations to
accommodate the social distancing requirements (which remain in effect until 5/29). To ensure that boards and committees have the opportunity to use one of available meeting spaces, room reservations will only be accepted for up to 30 days for non-executive, non-regulatory boards and committees.

Phase 1 construction on Emerson Park will begin on Tuesday May 25 and continue into the summer months with substantial work nearing completion in mid-July.

With continuous pumping helped by a lack of rain in recent days, the upstream flooding at the Sawmil Brook Culvert on Monument Street has been significantly reduced. The plan is to run the pump intermittently depending on rainfall until the permanent repair is done. A contractor has been selected to perform the repairs which include building a coffer dam to isolate the water to allow the removal of the failed portion of the culvert and replacing it with new precast concrete. Work will also include extending the culvert downstream in order to stabilize the embankment on that side.

A mandatory lawn watering restriction, limiting lawn watering to 1 day per week, is in effect. Rising temperatures and a lack of significant rain events predicted in the forecast are already resulting in increased water demands. Until critical infrastructure improvements at the Nagog Pond supply are complete, the water supply and customer demand situation will remain tenuous.

Beginning the week of June 7, Concord COA will begin offering in person programming for fully Covid vaccinated seniors on a limited basis. As expected, there are rules and guidelines that must be followed for any senior to enter the building; COA staff continue to communicate that the policies and rules are fluid, temporary and designed with the goal of mainlining a safe environment for all. The details of these regulations will be published in the COA newsletter which is scheduled to be mailed to all Concord residents aged 60+ during the week of 5/17.

Concord, in partnership with Lexington and Arlington, has been awarded funding to provide technical assistance to study the economic impact of tourism for each of the three towns. MAPC technical assistance is made possible through a range of sources including District Local Technical Assistance, Planning for MetroFuture Technical Assistance, and foundation grants. Awards are also made in alignment with the Baker Administration’s Community Compact Cabinet Best Practices Program.

Chair’s Remarks

Ms. Escobedo’s remarks led into the following item regarding the Town’s response to the COVID-19 State of Emergency Order expiring on June 15 and associated follow-up actions.
Town of Concord Response to the Governor Rescinding the Declaration of Emergency Order

The COVID-19 State of Emergency is scheduled to expire on June 15, 2021. With no further legislative action, Open Meeting Law changes that allowed for virtual meetings would revert back to pre-pandemic requirements. The result is that boards and committees would have to meet with a quorum in person beginning on June 15. Public participation via Zoom would still be allowed.

Additionally, the ability for restaurants to continue outdoor dining as approved under the COVID-19 Emergency Order is set to expire 60 days after the end of the State of Emergency (August 15, 2021). Once this expires, restaurants would need to apply to amend their liquor license to be able to serve alcohol outdoors and would need to meet the Zoning Bylaw’s parking requirements for additional outdoor seating, which was waved under the emergency order.

In order to codify the ability for virtual participation in Open Meeting Law, the Select Board proposed submitting a letter to the legislature to support H.3213 and S.2104: An Act updating the Open Meeting Law to support remote participation.

Upon a motion duly made and seconded, it was UNANIMOUSLY VOTED: to authorize the chair to send a letter of support to Concord’s legislative representatives for H.3213 and S.2104: An Act updating the Open Meeting Law to support remote participation and incorporating comments as noted in this meeting.

Update on Assistive Technology Plans for Town Buildings

Deputy Town Manager Kate Hodges attended the meeting to present on assistive listening devices at Town facilities. The Council on Aging hosts a hearing support subcommittee to understand the assistive listening capability of Town buildings. The subcommittee is developing a report for the Deputy Town Manager and the Commission on Disabilities.

911 Regional Dispatch Governance Agreement

The Select Board revisited the application for the 911 Regional Dispatch Governance Agreement between the Town of Concord and the Town of Acton. The deadline for the
application is May 31, 2021. The Select Board heard presentations and citizen feedback at multiple meetings leading up to this meeting. Thomas Kennedy of the Edward Collins Center attended the meeting to reiterate the cost saving and operational benefits of Acton and Concord developing a regional center. Select Board members had questions regarding the terms and conditions for potential withdrawal from the agreement should that be necessary, as well as the financial impact of adding additional communities to a regional operation. Mr. Crane reiterated that if the funding application was not accepted by the state, Concord could back out of the proposal at no cost. If desired, the Town would be able to back out of the agreement and revert back to the current dispatch model at any time with notice. The public safety officials and town managers from Acton and Concord have both advised that the Town’s enter into this agreement.

The Select Board initially voted on a motion to support the Town of Concord and Town of Acton Regional Dispatch Governance Agreement as presented at the meeting. This motion was rescinded later on in the meeting as it did not comply with the language required by the statute, at which time the Chair made the following motion quoting the required statutory language.

Upon a motion duly made and seconded, it was

VOTED: shall the municipality accept the provisions of sections of 18.0-18b inclusive of chapter 6a of the general laws providing for the establishment of a regional 911 emergency communication district together with the Town of Acton and the construction, siting, administration, operation, and maintenance of a regional 911 emergency communication center by the district under the provisions of the proposed district agreement filed with the Select Board in Concord and Acton.

Re: Town Manager Report

Statement about Juneteenth
Attached is a statement that was posted about the Juneteenth holiday. The Town’s DEI advisors assisted in the drafting of the statement.

Extension of Open Meeting Law Provisions and Outdoor Dining
Earlier this week, the Legislature approved, and the Governor signed, extensions to certain provisions from the pandemic emergency orders including the extension of outdoor dining and the Open Meeting Law (OML) modifications that allow for virtual meetings. Regarding outdoor dining, the bylaw change approved on the consent calendar at Town Meeting cleared the path for outdoor dining to continue under local rules. Regarding the OML extension, the Town has made provisions to accommodate in person, hybrid, and continued virtual meetings. However, the methods being employed for hybrid meetings have some limitations that need further work and the Select Board meeting spaces in the Town House remain unavailable. The extension will provide an opportunity for additional improvements and bring the Town House rooms online once the renovations are complete.

CFPL
Staff and volunteers warmly welcomed patrons back to the Library on May 19. Patrons and visitors were so happy when they entered the Main and Fowler. Some of them checked out loads of books and audio-visual materials. There was a record-breaking 1,499 checkouts within eight hours on the re-opening day! As a result of the reopening, there have been several changes to services including limited curbside service. Public meeting rooms are now available and public computers will be available on June 21. Also, the “Tails and Tales” Summer Reading Program Officially Started on June 14th with over 230 children and 25 adults registered for the Summer Reading Program.

CPW
MCI Daily Work Release Program: As Concord Public Works enters into one of the busiest seasons of the year for the department, the Highway & Grounds Division continues to provide a high level of service to the residents and businesses in the Town of Concord. Spring and Summer
seasonal maintenance includes a wide variety of actives that require daily deployment of all crew members. While the Division is operating with a temporary absence of three full time equipment operators (in-hiring process), we have just learned that MCI Concord is prepared to re-initiate their daily work release program. This program has historically been utilized by CPW to support seasonal Town maintenance needs.

**Activation of Public Water Fountains.** In keeping with the relaxation of COVID protocols and just in time for increased outdoor seasonal activities, the Water/Sewer Division has been re-activating public water fountains (hydration stations) throughout the community.

**DPLM**

Economic Vitality Committee: Director Rasmussen met with EVC Co-Chair John Boynton to review a draft scope of work to discuss with the consultant previously funded by a DHCD Downtown Initiative program to assist the EVC with outreach efforts to identify what has been learned over the past 15 months that can be used to support economic recovery and growth. Additionally, the Summer Solstice local business program is back for a second year. The program flyer is attached.

Ranger Program: This week two seasonal, full time rangers began working to monitor activity and remind residents/visitors of the rules regarding use of Town open spaces. After receiving reports of people using the future BFRT south of Powder Mill Road as a point of access to White Pond, they will be monitoring the trails and posting signs stating “No Bikes and No Swimming” along the trail.

Natural Resources Commission: A permit was issued for the Amended NOI and the hearing closed for the White Pond project. The NRC also issued three additional rules for Sachem’s Cove, to assist the Rangers in preserving and protecting White Pond and its watershed: No beach floats, no loud music, and no flyfishing.

White Pond Blue-Green Algae: Health Division staff received a number of calls asking about the algae bloom at White Pond. Water use advisory signage has been posted at all public access points to the pond and a public advisory notice about the pond was prepared for distribution via News and Notices and social media. This year, as in previous years, the Health Division will provide these updates as needed when conditions at the pond change.

**Fire Department Activity**

Ninety calls for service. Including a vehicle fire on Monday 6/14. The fire occurred on Rte. 2 in front of the State Police Barracks during the evening rush hour. The fire was stubborn because part of the engine was made with magnesium that typically does not respond to conventional firefighting technique. There were no injuries.
Statement of Town Manager Stephen Crane on Juneteenth

Yesterday, President Biden signed a new law making Juneteenth a federal holiday after Congress overwhelmingly approved it. Juneteenth, celebrated on the 19th of June, celebrates the ending of slavery in the United States. While the Emancipation Proclamation had been signed on January 1st, 1863, it wasn’t until June 19th, 1865, two and a half years later, that Union soldiers brought the news to Galveston Texas that Civil War had ended and that enslaved people were now free.

The effort to have Juneteenth recognized as a holiday stretches back many years; the alacrity Congress showed in passing the legislation is a clear sign of the social and political change we are experiencing. While this important holiday being recognized as an official federal holiday is a significant milestone in our journey toward greater diversity, equity, and inclusion, maintaining forward progress requires constant effort and attention. We must continue to address the social, economic, and political factors that impede progress. We must continue to look ahead for the next important milestone and strive to reach it.

As a freshman in college 30 years ago, I reached my first important milestone on my journey when I was a founding member of a student group focused on what was then known as multi-culturalism. The experience was both formative, in that I was painfully unaware of the widespread struggle for equity and inclusion, and transformative, in that I learned to embrace diversity and that the idea of “we are all the same” is about our humanity, not our cultures and values. I have carried these lessons with me since then and am fortunate to play a small role in promoting diversity, equity, and inclusion in Concord.

Our community has a rich African American history that perhaps isn’t as well-known as our literary or Revolutionary history, but its contributions are seen and felt by Concordians on a daily basis. The families who have made significant contributions include names like Thomas and Jennie Dugan, Caesar Robbins, a Revolutionary War Patriot and namesake of the Robbins House in Concord, and Brister Freeman, namesake of Brister’s Hill, to name a few. Concord is continuing on its journey, as is much of the United States, to better recognizing its African American history and honoring Juneteenth in Concord is an important milestone in that journey.

The Town is celebrating Juneteenth through a series of social media posts, special walking tours at the Concord Visitor Center, and by supporting Concord’s African American History resource and museum, the Robbins House. Due to both the Town bylaws and collective bargaining agreements, municipal operations will continue as usual on Friday, June 18 and, although Saturday, June 19 now is a legal holiday, certain operations will continue that day (e.g., public safety, Beede Center/White Pond/Emerson Pool, Visitor’s Center) as is customary on many other holidays.

In addition to observing Juneteenth, we are engaged in an effort to promote diversity, equity, and inclusion with the expressed goals and aims of increasing inclusion amongst leadership and staff, to better address barriers that limit belonging and full equity, and to create a system and clear roadmap, and increased capabilities. The initial phase of what is expected to be an ongoing effort are as follows:

- A Leadership Assessment consisting of individual interviews with each Senior Management Team member and other designated individuals will help us determine our readiness, strength, gaps, and recommendations for next steps and considerations towards full equity and inclusion.
· An Education & Learning component for the Senior Management Team and other designated individuals to bolster diversity, equity, and inclusion knowledge base and enhance Inclusive Leadership capabilities.

· The Development of a Strategic Road Map to meet and maximize Diversity, Equity, and Inclusion goals.

· Recommendation and consultation on key policies, procedures, and practices to mitigate or eliminate bias in key areas: improve talent recruitment, development, and retention and bolster communication around DEI.

Finally, as part of both the work above and the future observances of Juneteenth, the Town will work to revise its holiday policies so they provide a more inclusive workplace that gives employees the opportunity to celebrate holidays that are important to them.
Shop at least 10 Concord businesses either in person or on-line between JUNE 21ST TO AUGUST 20TH and you could win a WEEKLY PRIZE or the GRAND PRIZE!

TRY 2 NEW STORES YOU’VE NEVER BEEN TO BEFORE.

TO ENTER: Let the retailer know at check out that you would like to enter the Concord Solstice. Passports to be stamped in stores you visit (boards available in each store). Keep your online receipts.
PETITION FOR UNDERGROUND INSTALLATION OF COAXIAL CABLE

Concord, Massachusetts

05/27/2021

To the Selectboard of Concord, Massachusetts:

Comcast of Massachusetts III, Inc. requests permission to install coaxial cable to be owned and used by the petitioner, along and across the following public way or ways:

- Hubbard Street

Wherefore they pray that after due notice and hearing as provided by law, they be granted permission to install underground coaxial cable as they may find necessary and in accordance with the plan filed herewith.

Comcast of Massachusetts III, Inc.

By: Gregory Franks

Print name: Gregory Franks

Title: Sr. Manager of Government and Regulatory Affairs

Gregory_Franks@comcast.com
ORDER FOR INSTALLATION OF UNDERGROUND COAXIAL CABLE

In Selectboard of the Town of Concord, Massachusetts

Notice having been given and a public hearing held, as provided by law,
IT IS HEREBY ORDERED: that Comcast of Massachusetts III, Inc. be and is hereby granted permission to install coaxial cable as it deems necessary, in the public way or ways hereinafter referred to, as requested in the said petition and accompanying plan.

All construction under this order shall be in accordance with the following conditions:

The new coaxial cable will be installed, starting at the existing Comcast vault located in front of 35 Hubbard Street, excavating to install PVC conduit 164’ +/- to a proposed vault that will be installed in the sidewalk over the existing conduit that services the church. Then, from the newly installed vault, excavating across the street 94’ +/- to a proposed vault to be installed in the sidewalk, installing PVC conduit 4’ +/- to the property line for future service to the post office. There may be installed by said Comcast of Massachusetts III, Inc. such coaxial cables as are necessary in its business and all said coaxial cables shall be placed in a manner that complies with the National Electrical Safety Code.

The following are the public ways or parts of ways along which the above referred to may be installed thereon under this order:

- Hubbard Street

I hereby certify that the foregoing order was adopted at a meeting of the Selectboard of the Town of Concord, Massachusetts held the _________ day of __________, 2021.

__________________________________
Clerk of Board of Selectmen
We hereby certify that on__________________________ , at ________O'clock _____, at Concord, Massachusetts, a public hearing was held on the petition of Comcast of Massachusetts III, Inc. permission to install coaxial cables, fixtures and connections described in the order herewith recorded, and that we mailed at least seven days before said hearing a written notice of the time and place of said hearing to each of the owners of real estate (as determined by the last preceding assessment for taxation) along the ways or parts of ways upon which the Company is permitted to install coaxial cables, fixtures and connections under said order. And that thereupon said order was duly adopted.

CONSTRUCTION NOTES:

1. The plans and specifications herein are subject to change without notice. The contractor shall be responsible for any changes made during the construction.

2. The contractor is responsible for ensuring that all work is in compliance with local building codes and regulations.

3. The contractor shall be responsible for the installation of all required utilities and infrastructure.

4. The contractor shall be responsible for the coordination of all subcontractors and suppliers.

5. The contractor shall be responsible for obtaining all necessary permits and approvals.

6. The contractor shall be responsible for maintaining all work areas in a safe and clean condition.

7. The contractor shall be responsible for compliance with all applicable health and safety regulations.

8. The contractor shall be responsible for the completion of the project within the agreed-upon timeline.

9. The contractor shall be responsible for ensuring that all work is in accordance with the plans and specifications provided.

10. The contractor shall be responsible for the payment of all labor, materials, and equipment used in the project.

11. The contractor shall be responsible for the completion of all punchlists and final inspections.

12. The contractor shall be responsible for any warranty or maintenance required post-construction.

13. The contractor shall be responsible for any costs incurred due to project delays.

14. The contractor shall be responsible for compliance with all applicable laws and regulations.

15. The contractor shall be responsible for the execution of all work in a manner that is consistent with the highest standards of craftsmanship.

MEMORANDUM

TO: Jeremy Romanul, Senior Administrative Assistant  
CC: Stephen Crane, Town Manager  
VIA: Alan Cathcart, Director of Public Works  
FROM: Stephen Dookran PE, Town Engineer  
PREPARED BY: Patrick Wood, PE, Public Works Engineer  
SUBJECT: Petition from Comcast to install approximately 262 feet of Coaxial Cable in 3” PVC conduit in Hubbard Street and two new vaults within the sidewalks, in front of #54 and #34 Walden St.

This memorandum is to provide comments to the Select Board on the petition for a Grant of Location filed by Comcast to install 262 feet of schedule 40 polyvinyl chloride (PVC) conduit on Hubbard Street for the purpose of running coaxial cable underground. Hubbard Street reconstruction is part of Concord Public Work’s (CPW’s) FY2021 Roads Program and is scheduled for full depth reconstruction with funding allotted through municipal funds and a Complete Streets grant. The Town is contractually obligated with the Complete Streets grant to complete the Hubbard Street reconstruction project by September 30, 2022.

Comcast is proposing this petition in order to move the remaining overhead cables underground from #35 Hubbard St. to Walden St. and to add service to the Post Office at the Corner of Hubbard St. and Walden St. Following the completion of the underground installation of cables and vaults, Comcast will remove the overhead cables.

As explained in a memo regarding the Grant of Location Petition from National Grid, dated May 27, 2021, the Town will begin undertaking stormwater improvements within the area of Comcast’s proposed work. The drainage system cannot be completed without Comcast coordinating their work with the Town’s selected contractor for the Hubbard Street Reconstruction. Similar to other contractors performing work at the same time as the drainage improvements, it is paramount that Comcast complete their conduit installation prior to the Town’s roadway construction project, with sufficient time to install the binder pavement course this year.

CPW Engineering Division has reviewed the attached petition from Comcast for the above referenced project in the Town’s public ROW and a set of plans (four sheets) titled “Proposed Comcast Underground”, dated May 19 2021, prepared for Comcast by Dewsnap Engineering Assoc. LLP. The CPW Engineering Division provides the following conditions and recommendations.

1. In order for the Town to begin the drainage improvements and complete the project by September 2022, Comcast shall begin their work within a month of receiving the CPW’s Right of Way Permit. Comcast shall coordinate their work, in a timely manner, with the Town’s selected contractor and adhere to the following:
a. Comcast shall produce a schedule of tasks for CPW to review and approve prior to the beginning of any work.

b. Comcast shall not install any new conduits within a 10’ radius of the proposed locations for the drainage improvements until the drainage improvements shown on plans prepared by CPW for the Hubbard Street reconstruction have been satisfactorily completed and approved by the Town Engineer. These locations include, but are not limited to, LCB-10, the abandonment of drainage line from CB#27 to CB #28, and pipe repairs along P-28. Comcast shall coordinate this work to ensure the new conduit installation can be completed at the same time or before the drainage improvements are completed.

c. Comcast shall maintain the following minimum offsets to the new conduits and vaults:
   i. Minimum of 7’ from proposed leaching catch basin locations
   ii. Minimum of 3’ from all other existing utilities
   iii. Minimum of 1’ vertical separation to any utility crossing

2. The top of conduit shall be installed no less than 30” from the finish grade within the street. An over-dig area within the street shall be installed the length of the trenches, a minimum of 12” in depth and extending 12” on each side of the sides of the trench. The details shall be revised accordingly.

3. All new vault locations shall be installed within areas of the proposed grass strip along Hubbard St. The locations of the proposed grass strip shall be located using the most current plan of the Hubbard Street reconstruction and can be obtained from the CPW. It is the applicant’s responsibility to request the plans and ensure they are the most current prior to installation.

4. Upon completion of the project, Comcast shall remove their overhead wires currently on the utility poles.

5. Comcast has submitted stamped construction plans to accompany this Grant of Location request. A ROW Permit application shall be submitted to CPW with revised constructions plans that incorporate CPW Engineering review and stamped by a professional engineer. No work shall commence until CPW has completed its review of the application documents and issues the ROW Permit to Comcast.

6. As part of the ROW permit, a traffic mitigation plan shall be submitted to the Concord Police Department Traffic Safety Officer and the CPW – Engineering Division for approval.

7. Contractors shall adhere to the CPW Construction and Tree Protection Standard Operating Procedures including the protection of public shade trees: “No person may
plant, trim, cut, or remove a public shade tree without the prior permission of the Tree Warden and Engineering Division. This control includes the cutting of roots during construction.” The contractor shall be responsible for installing wooden tree guards with orange snow fencing on public shade trees located within the work zone.

8. Generally, all work shall be performed in compliance with the conditions of this memorandum and D.T.E. 98-22. Any modifications to any of the standards set forth in D.T.E. 98-22 shall be requested in writing from the Engineering Division.

9. The contractor must backfill, with suitable backfill material, the trench in 6-inch lifts and compact with mechanical vibratory devices such as vibratory roller, plates, or rammer (pogo stick). Suitable backfill material will mean product meeting the gradation specification for MassDOT M1.03.1 Processed Gravel for sub-base. The gravel material, whether delivered to the site or selected from the spoils, must pass a three (3) inch square mesh sieve and shall not contain frozen material. Contractor must submit material data sheet to Engineering prior to commencing work. No work shall commence until Engineering has completed its review of the material data sheet.

10. Comcast shall have a Geotechnical Engineer verify the material inside the trench and the compaction of the material meets Town of Concord Design and Construction Standards. The results of the analysis shall be submitted to the Engineering Division for review and approval as soon as the analysis is available or weekly whichever comes first.

11. Asphalt (a minimum of 4-inches of binder) patching shall be placed at all trenched locations because the Town will perform full depth reconstruction, but only after Comcast has completed the work under this grant of location.

12. The applicant shall notify emergency services, the school district, the post office, CPW Solid Waste for trash pickup services via email one week prior to the start of construction. The applicant shall also notify neighborhood residents with door hangers one week prior to the start of construction and attend a neighborhood meeting if it is determined to be necessary by CPW.
MEMORANDUM

TO: Jeremy Romanul, Senior Administrative Assistant
CC: Stephen Crane, Town Manager
VIA: Alan Catheart, Director of Public Works
FROM: Stephen Dookran PE, Town Engineer
PREPARED BY: Patrick Wood, PE, Public Works Engineer
SUBJECT: Petition from National Grid to relay approximately 1850 feet of 2” CS and 60 feet of 2” PL 60 psi gas main with 1960 feet of new 4” PL 60 psi in Hubbard Street, from Thoreau Street to Walden Street.

This memorandum is to provide comments to the Select Board on the petition for a Grant of Location filed by National Grid to relay 1960 feet of plastic (PL) main on Hubbard Street. Hubbard Street Reconstruction is part of Concord Public Work’s (CPW’s) FY2021 Roads Program and is scheduled for full depth reconstruction with funding allotted through municipal funds and a Complete Streets grant. The Town is contractually obligated with the Complete Streets grant to complete the Hubbard Street reconstruction project by September 30, 2022.

The existing 2” gas main - 1850 ft coated steel (CS) and 60 ft PL that runs the entire length of Hubbard Street, from Thoreau Street to Walden Street, on the south easterly side of the right of way (ROW) is to be abandoned in place. Additionally, a new 4” PL main runs the entire length of Hubbard Street, from Thoreau Street to Walden Street, is to be installed with a minimum separation of 3 feet from the old main.

A major goal, and first milestone of the Hubbard Street Reconstruction project, is the stormwater improvements which are required to alleviate the historical flooding along Hubbard St. The drainage system cannot be improved without National Grid coordinating their work with the Town’s selected contractor for the Hubbard Street Reconstruction. After completion of the stormwater improvements, the road can be prepared for reclamation and paving. It is paramount that National Grid completes their main replacement prior to the Town’s roadway construction project, with sufficient time to install the binder course this year.

CPW Engineering Division has reviewed the attached petition from National Grid for the above referenced project in the Town’s public ROW and a set of full sized plans (five sheets) titled “Proposed Gas Main Installation, Hubbard St. Concord, MA”, revised May 3, 2021 and prepared for National Grid by CHA. The CPW Engineering Division provides the following conditions and recommendations.

1. In order for the Town to begin the drainage improvements and complete the project by September 2022, National Grid shall begin their work within a month of receiving the CPW’s Right of Way Permit. National Grid shall coordinate their work, in a timely manner, with the Town’s selected contractor and adhere to the following:
a. National Grid shall produce a schedule of tasks for CPW to review and approve prior to the beginning of any work.

b. If required by CPW, National Grid shall allow CPW accommodations to install drainage structures and pipes where the existing 2” main exists. This access may include, but not limited to looping the gas service or installing temporary bypass lines during drainage structure installation so CPW can complete the installation of drainage improvements.

c. National Grid shall not install any new gas main within a 10’ radius of the proposed locations for the drainage improvements until the drainage improvements have been satisfactorily completed and approved by the Town Engineer. These locations include, but are not limited to, the installation of P-25, CB3, DP2 and DMH1. National Grid shall coordinate this work to ensure the new gas main installation can be completed at the same time or before the drainage improvements are completed.

d. National Grid shall maintain the following minimum offsets to the new 4” main
   i. Minimum of 7’ from proposed leaching catch basin locations
   ii. Minimum of 3’ from all other existing utilities
   iii. Minimum of 1’ vertical separation to any utility crossing

2. Because the existing main that is to be abandoned is only 2” and its eventual collapse is not expected to cause significant settlement and because Hubbard Street is to be reclaimed no Life Cycle Maintenance Fee (LCMF) will be requested for this project.

3. National Grid has submitted their stamped construction plans to accompany this Grant of Location request. A ROW Permit application shall be submitted to CPW with constructions plans stamped by a professional engineer. No work shall commence until CPW has completed its review and issues the ROW Permit to National Grid.

4. National Grid will remove the new 1960-foot 4-inch PL gas main upon completion of its service life.

5. As part of the ROW permit a traffic mitigation plan shall be submitted to the Concord Police Department Traffic Safety Officer and the CPW – Engineering Division for approval.

6. Contractors shall adhere to the CPW Construction and Tree Protection Standard Operating Procedures including the protection of public shade trees: “No person may plant, trim, cut, or remove a public shade tree without the prior permission of the Tree Warden and Engineering Division. This control includes the cutting of roots during
construction.” The contractor shall be responsible for installing wooden tree guards with orange snow fencing on public shade trees located within the work zone.

7. Generally, all work shall be performed in compliance with the conditions of this memorandum and D.T.E. 98-22. Any modifications to any of the standards set forth in D.T.E. 98-22 shall be requested in writing from the Engineering Division.

8. The contractor must backfill, with suitable backfill material, the trench in 6-inch lifts and compact with mechanical vibratory devices such as vibratory roller, plates, or rammer (pogo stick). Suitable backfill material will mean product meeting the gradation specification for MassDOT M1.03.1 Processed Gravel for sub-base. The gravel material, whether delivered to the site or selected from the spoils, must pass a three (3) inch square mesh sieve and shall not contain frozen material. Contractor must submit material data sheet to Engineering prior to commencing work. No work shall commence until Engineering has completed its review of the material data sheet.

9. National Grid will have a Geotechnical Engineer verify the material inside the trench and the compaction of the material meets Town of Concord Design and Construction Standards. The results of the analysis shall be submitted to the Engineering Division for review and approval as soon as the analysis is available or weekly whichever comes first.

10. Asphalt (a minimum of 4-inches of binder) patching shall be placed at all trenched locations because the Town will perform full depth reconstruction, but only after National Grid has completed the work under this grant of location.

11. The applicant shall notify emergency services, the school district, the post office, CPW Solid Waste for trash pickup services via email one week prior to the start of construction. The applicant shall also notify neighborhood residents with door hangers one week prior to the start of construction and attend a neighborhood meeting if it is determined to be necessary by CPW.
PETITION OF NATIONAL GRID FOR GAS MAIN LOCATIONS

Town of Concord / Board of Selectmen:

The Nationalgrid hereby respectfully requests your consent to the locations of mains as hereinafter described for the transmission and distribution of gas in and under the following public streets, lanes, highways and places of the Town of Concord and of the pipes, valves, governors, manholes and other structures, fixtures and appurtenances designed or intended to protect or operate said mains and accomplish the objects of said Company; and the digging up and opening the ground to lay or place same:

Due to Concord's road reclamation, FY20/21 National grid recommends the relay of approximately 1850’ of 2” CS (1930) AND 60’ OF 2”PL (2010) 60# gas main. With 1910’ of 4” PL. 60# in Hubbard St. from Thoreau St to Walden St. Total installation 1910’

Date: June 25, 2020

2020-2021 Select Board Goals

Process
The Concord Select Board annually affirms its values and guiding principles to align its goals and objectives for improving government as it interacts with the Town Manager, committees, task forces, citizens and other units of government. In so doing, the Board aims to lead and establish strategic priorities, to provide support and guidance and encouragement where appropriate and to be collaborative, open and inclusive at all times.

Values and Guiding Principles
Governance: Effective, Responsive and Transparent Governance
Public Health and Safety: Exemplary of Best Practices for the Safety of All
Financial Stability: Fiscal Responsibility and Financial Stability/Sustainability
Infrastructure: Sufficient and Sustainable, Well-maintained and Reliable
Quality of Life: High Level Maintenance of Town Services for Concord Citizens
Balance and Equity: Balance and Equity among divergent individual, neighborhood and town-wide interests
Diversity: Conscious Decision Making to Support Economic and Social Diversity and Inclusion
Historic and Cultural Heritage: Preservation and Promotion of Historic and Cultural Heritage
Agricultural and Natural Resources: Protection and Enhancement
Economic Resilience: To Protect the Vitality of the Town and Businesses
Regional and State Interests: Advancement of Concord’s Interest in the Region and the Commonwealth

Goals and Objectives
Specifically, the Board supports short and long-term goals and objectives in the following categories:

Specific to COVID-19 Pandemic
1. Prioritize public health and public safety in decision making to protect Concord citizens and Town employees during this pandemic period.
2. Implement and monitor evolving State and Federal COVID-19 regulations as they impact municipal operations and guidance for community-wide response.
3. Acknowledge the flexibility required to traditional schedules and procedures to safely respond to the impact of COVID-19 realities on matters before the Select Board and Town, taking extra care with communications to keep everyone informed and encourage engagement.
4. Encourage Town employees and committee volunteers to be mindful of their own well-being during this pandemic as they manage both personal and professional stresses in the continued delivery of quality municipal service to Concord citizens.
5. Work with the Town Moderator to produce a safe, effective, transparent Town Meeting during the COVID-19 pandemic.
6. Support the Economic Vitality Committee and business groups to find creative ways to assist businesses during the COVID-19 pandemic.
Effective Governance, Board Organization, and Communication

1. Provide ongoing support and advice to the Town Manager on leadership opportunities and issues and conduct the annual evaluation of the Town Manager’s performance.

2. Continue to support the Town Manager, town departments and town committees as they implement action steps from the 2030 Envision Concord Comprehensive Long-Range Plan and other new priority areas in their current year goals. Identify and review progress with the Town Manager at the beginning and end of the fiscal year. Similarly, oversee the implementation of any additional goals identified by the Select Board.

3. Monitor progress on and approve the final project funding documents between the Town and DHCD for the Christopher Heights ALF at Junction Village.

4. Seat the Junction Village Open Space Task Force and the Concord Municipal Affordable Housing Trust.

5. Provide guidance and resources for all Town volunteers serving on boards and committees to improve consistency and efficiency of public meetings and hearings. Continue training for residents serving on boards and committees.

6. Promote open and transparent government through enhanced use of technology and increased public access television. Review the charter of the PEG Access Advisory Committee in response to rapid changes in video production technology, distribution channels and remote meeting practices.

7. Work to improve citizen communications by implementing a citizen correspondence policy and resume regular publication of a Town Manager’s report.

8. Recruit new committee volunteers that reflect all segments of Concord’s citizenry; review the Green Card assignment process. Ensure that all volunteers are acknowledged for their willingness to serve.

9. Support and participate in the public review of all new Public Private Partnership Agreements.

10. Review the town’s wireless communications policies.

Financial Stability

1. Instill integrated fiscal policies among the Select Board, the Finance Committee, and the School Committee to manage the tax burden on Concord Citizens.

2. Support management of Town services and budgets to maintain Concord’s Aaa bond rating and to avoid Proposition 2-1/2 Overrides.

3. Encourage the Capital Planning Task Force to develop a more effective long-term method for understanding and prioritizing the Capital and Facilities needs of the Town and the Schools, to include timetables, cost estimates, and environmental impacts.

Balance, Equity and Diversity

1. Continue to work with our State legislative representatives on special legislation filed for ATM’19 Articles 25 and 26 related to affordable housing.

2. File a request for special legislation for ATM’20 Article 15: Senior Means-Tested Property Tax Exemption and Article 50: Authorize Special Legislation for Additional Liquor Licenses.

3. Submit an ATM’21 warrant appropriation article for affordable housing following recommendations from the Affordable Housing Funding Committee final report to the Select Board.
4. Provide input to the housing production plan update to maximize the equity and diversity impacts of future affordable housing initiatives.
5. Support the Police Department’s ongoing implementation of best policing practices that treat all people with dignity and respect, enhance reporting and monitoring, and deescalate volatile situations whenever possible.
6. Assess the capacity of existing Town social service programs to meet the needs of the town population and identify funding.
7. Support proactive planning for wastewater infrastructure, water, telecommunications, energy, parking, traffic, and outdoor lighting.
8. Continue to apply Concord’s Sustainability Principles in town decision-making, where appropriate, and seek economic, social and environmental resiliency in both public and private sector development.

Maintaining Concord’s Unique Character, Historic and Cultural Heritage, Agriculture and Natural Resources
1. Encourage collaboration among town departments for an integrated approach to land use planning to determine priorities, including conservation and acquisition of land to preserve Concord’s rural and agricultural culture.
2. Enhance accessibility to recreation and conservation resources in Concord for all citizens.
3. Review and implement recommendations for the recreational use and long-term protection of White Pond and the Gerow land and their ecosystems.
4. Encourage the Natural Resources Department to continue working on and educating the public on the balance needed for general citizen use and dog friendly access, with ecosystem protection in our parks and on conservation lands.
5. Continue to monitor progress on Nagog Pond litigation.
6. Continue to seek resolution for public access to Estabrook Woods; this matter currently being litigated.
7. Launch town-wide planning for events celebrating the 250th anniversary of the American Revolution

Economic Vitality
1. Promote town events and commercial activity in the village business districts to ensure their continued success.
2. Provide input to the Thoreau Depot business district zoning and development processes.
3. Propose next steps for the Nuclear Metals/Starmet site based upon the recommendations in the committee report.
4. Identify and implement opportunities for transportation throughout town, such as shuttle buses, rail trail and the Assabet River Pedestrian Bridge.
5. Continue to work with the business sector to establish retail diversity support systems including intra- and inter-town transportation.
6. Execute and approve submission of all documents related to ATM’21 Article 16: Tax Increment Financing Agreement and EDIP Local Incentive-Only Application to the Massachusetts EACC.

Regional and State Interests
1. Meet regularly with state legislators.
2. Participate in regional organization of which Concord is a member such as HATS, HFAC, MPO, MAPC, MBTA, BRSB, MAGIC, and Cross-Town Connect.

3. Maintain active relationship with Hanscom AFB.

4. Actively participate in MMA Fiscal Policy Committee.

5. Receive an update on Minuteman Regional Technical High School.

Approved: 10-19-20
Select Board Goals Action Plan: Discussion/Update December 7, 2020
(items in progress highlighted in blue)

Select Board Goals both guide and are informed by Town Manager and Department Goals.

**Town Manager and Department FY’21 Goals**
- Context: Covid-19 Pandemic environment requiring response and adaptation
- TM and Town Departments guided by SB FY’21 Goals
- *Envision Concord 2030* and other goals defined by departments and TM and embedded in FY’21 Approved Budget.
- TM and SMT added goals:
  1. Promote a culture that is respectful and welcoming to all by providing opportunities for employee education, self-reflection and honest conversations on diversity, equity and inclusion issues. Identify and address policies and practices that might negatively impact people of color and/or marginalized groups.
  2. Support employees during COVID19 through policies and programs that promote wellness and work-life balance, so that employees can continue to provide excellent service to the community, including attending to the wellness of Concord’s vulnerable populations.
- New initiatives and carryover items on TM’s list such as New Transportation Advisory Committee, Cell Tower Coverage for Town Center

**Select Board Action Plan/Outcomes: September 21-December 31, 2020**

*Specific to Covid-19 Pandemic*
- Agenda items were scheduled in response to new regulations, limiting public ceremonies and events, and supporting economic vitality during this quarter.
- Town Manager updates/reports at SB meetings.
- BOH on agenda to keep public informed.

*Effective Governance, Board Organization and Communication:*
- Defined FY’21 Board Goals and Liaison Assignments
- SB members immediately assumed new and continuing roles as committee and community organization liaisons to keep SB informed and support its effectiveness in governance.
- Worked w/ Town Moderator and others immediately to define and approve key dates for warrant, set town meeting date, etc.
- Still working with Town Manager and others to finalize Official ATM Calendar with election dates
- Ongoing process to prepare for and execute follow-up items for weekly Select Board Meetings, including responsiveness to committee needs and requests (SB has met weekly since March 13, 2020.)
• Reviewed and drafted/codified green card process; chairs’ input needed and revisit document.
• Request specific action steps for recruitment, consider committee consolidation as opportunity presents itself.
• Responded Legally to OML Complaint: awaiting outcome; working with chairs on OML.
• Held initial discussions on improving communications with citizens and the need to resume regular publication of a Town Manager’s report; regularly entertain public comment.
• TM Evaluation to be completed this quarter.
• JVOS Task Force seated minus one defined seat. AHT to be seated.

Select Board Goals Action Plan: Discussion/Update December 7, 2020 (con’t)

Financial Stability
• Fiscal responsibility, budget management, and mindfulness of tax payer burden woven in various SB conversations including reference to Capital Planning Task Force work and upcoming forum, resuming of Middle School Bldg. project, reference to legal expenses, discussion of tax rate certification, etc.

Balance, Equity and Diversity
• The Town Manager and Chair continue to work with our State legislative representatives on special legislation filed for ATM’19 Articles 25 and 26 related to affordable housing.
• Town Manager and Chair filed a request for special legislation for ATM’20 Article 15: Senior Means-Tested Property Tax Exemption and Article 50: Authorize Special Legislation for Additional Liquor Licenses; a hearing on the latter is scheduled later this week.
• SB supported CPC requests for town projects including funding for the next Housing Production Plan.
• Invited the Police Chief in to discuss best practices and planning for a safe national election cycle.
• Sustainability and Resiliency: Supported CCAB’s request with a letter of support to the MA Legislature on an Act Setting Next Generation Climate Policy. Request to consider new App #63 Fleet Electrification Policy on SB Agenda for December 7.

Maintaining Concord’s Unique Character, Historic and Cultural Heritage, Agriculture and Natural Resources
• Enhance accessibility to recreation and conservation resources in Concord for all citizens: Supported Town’s CPC submissions
• Review and implement recommendations for the recreational use and long-term protection of White Pond and the Gerow land and their ecosystems: Supported Town’s CPC submissions and promoted recent and forthcoming public forums for White Pond.
• Monitoring progress on Nagog Pond Litigation: court activity this quarter.
• Continuing to seek resolution on public access for Estabrook Trail; court activity this quarter.

Economic Vitality
• Promoted town events and commercial activity in the village business districts to ensure their continued success.
• Identify and implement opportunities for transportation throughout town, such as shuttle buses, rail trail and the Assabet River Pedestrian Bridge: See new December update from Marcia Rasmussen on transportation initiatives.

Regional and State Interests
• Multiple conversations with state legislators this quarter.
• Represented at MMA Fiscal Policy Committee, HATS, MBTA, Other MMA meetings (and (MAPC?)
• Received an update on Minuteman Regional Technical High School Playing Fields Project and proposed town assessment.

Next Quarter Action Plan Update/Discussion
  1. SB Review entire SB FY’21 Goals Document for next /ongoing priorities including what is already listed below.
  2. A finalized Official ATM dictates beginning of town meeting and warrant preparation, preview meeting, etc.
  3. BOA presentation to SB on Residential Exemption
  4. Presentation/Discussion of Town Manager’s FY’22 Budget in response to FinCom guidelines.
  5. Update on JV/Christopher Heights Closing status and other agreements
  6. Launch and seat a new “coordinating level” committee that oversees the needed structure for the required advanced town-wide planning for the upcoming 250th anniversary of the American Revolution.
  7. Decision re: this year’s April Patriot’s Day and related events
  8. Receive report from NMI Reuse Planning Committee (timing?)
Select Board Members:

Since our Town Meeting was late this year, we are already close to the end of FY21. It is already time to think about our annual goal-setting session and the evaluation of the Town Manager.

On June 21, we will be reviewing the SB goals we set last year, and our progress / lack of progress toward achieving them. Please take a look at those goals and be prepared to discuss. (At another meeting in the near future, we will set goals for the upcoming year.)

On June 21 we will also be discussing the process for the upcoming Town Manager evaluation. This will include objectives, forms, timetable, but NOT any discussion of the Town Manager's job performance. To prepare for that discussion, I am attaching the following documents for your review:

* Outline of the process items we need to discuss
* Evaluation form used in Spring of 2020 and again in late 2020, with proposed modifications in red
* Potential additional items from Candidate Profile and Challenge Statement
* Memo from HR Director Amy Foley outlining options and sample form for staff input

Thanks in advance. Please do not reply to this message—we will discuss at the June 21 meeting.
Terri
**Town Manager Evaluation Considerations**

Objectives

- Fair, honest, objective process
- Preserve anonymity of the evaluators
- Comply with OML
- Timely-Goal is to finish before Aug 1
- Useful—not just fluff, praise, criticism. Be specific
- Evaluate how well Manager did on last year’s goals (his and ours)
- Set new goals for next year

Who will evaluate?

- SB from 2020-21
- Self-eval from Town Manager
- SMT feedback, plus Division Managers and TMO
- Feedback from the public

Form to use

- Modify 2020 form – see attached draft
  - Add section to evaluate how well goals were met from previous year
  - Include goals for next year
  - Add items from Challenge Statement and Candidate Profile?-see attached
- Shorten the form? (eliminate Sections C and E, since these items are for staff?)
- Other changes?
- Staff fills out shorter 2-page form- see attached memo from Amy Foley

Timeline

- Goal-Complete by end of July
- Regular meeting or Focused meeting?
June 16, 2021

To: Terri Ackerman, Concord Select Board

From: Amy Foley, Human Resources Director

Subject: Town Manager Evaluation – Options for Obtaining Staff Feedback

This memo outlines ideas you and I discussed at our recent meetings in which we explored options for soliciting feedback from staff relative to the Town Manager’s performance.

My understanding is that you seek a process/tool that:

• obtains feedback from the Senior Management Team and other employees who regularly work with the Town Manager;
• is fair, aids the Select Board in evaluating the Town Manager’s performance, and assists in identifying professional development goals;
• protects anonymity of respondents;
• has limited costs involved; and
• can be completed within a few weeks.

The attached documents were prepared with those objectives in mind.

Once the Select Board has identified the approach that will be used this year, I would be happy to assist you in finalizing any customized content and implementing the staff feedback tool.
Options Identified for Soliciting Staff Feedback  
2021 Town Manager Evaluation

1. **Concord-Designed Paper Form**  
   (see attached sample)

<table>
<thead>
<tr>
<th>Pros:</th>
<th>Cons:</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Customizable – can match to Concord’s needs and goals</td>
<td>• Requires distribution of pre-addressed envelope if goal is to ensure all responses look the same</td>
</tr>
<tr>
<td>• Easy for respondents to use</td>
<td>• Respondents must follow detailed instructions (printing response and delivering to specific location)</td>
</tr>
<tr>
<td>• Provides option to not save completed form on respondent’s computer (print only)</td>
<td>• If respondents don’t follow instructions, anonymity of others diminished</td>
</tr>
<tr>
<td>• Protects anonymity/confidentiality of respondent when handled correctly</td>
<td>• If Select Board Chair doesn’t handle compilation and reporting carefully, anonymity could be compromised</td>
</tr>
<tr>
<td>• Minimal costs involved</td>
<td>• May require purchase of lock box (~$35)</td>
</tr>
</tbody>
</table>

2. **Concord-Designed On-line Survey using Survey Monkey**  
   (same approach to questions as reflected in paper option)

<table>
<thead>
<tr>
<th>Pros:</th>
<th>Cons:</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Customizable – can align to Concord’s defined expectations and goals</td>
<td>• License must be purchased for Select Board Chair if HR not involved ($384 annually)</td>
</tr>
<tr>
<td>• Distribution is quick and easy</td>
<td>• Responses would be visible to HR Director or Asst. HR Director if staff account is used or Chair needs assistance</td>
</tr>
<tr>
<td>• Easy for respondents to use</td>
<td>• Some staff may not trust anonymity/confidentiality of electronic format</td>
</tr>
<tr>
<td>• Easy response submittal – doesn’t require time for logistics</td>
<td></td>
</tr>
<tr>
<td>• Data/trends can be compiled and reported on easily in varied forms</td>
<td></td>
</tr>
<tr>
<td>• Paperless submittals</td>
<td></td>
</tr>
<tr>
<td>• Doesn’t store responses on each computer</td>
<td></td>
</tr>
<tr>
<td>• Can be set-up to collect responses anonymously</td>
<td></td>
</tr>
<tr>
<td>• No cost if HR account used</td>
<td></td>
</tr>
</tbody>
</table>
3. 360-degree Assessment Product Used by ICMA Credentialed Managers
   (e.g., University of Georgia’s GOV360 or Concord Consulting’s Leadership Assessment Tools)

<table>
<thead>
<tr>
<th>Pros:</th>
<th>Cons:</th>

<tr>
<td>• Anonymous, except where a narrative</td>
<td></td>
</tr>
<tr>
<td>response provides identifying information</td>
<td></td>
</tr>
</tbody>
</table>
Instructions:
Please only complete this form if you have had regular opportunities to work with the Town Manager within the past 12 months.
To protect the anonymity of all respondents, please:
- Type your responses to this form using Word, rather than handwriting.
- Do not identify your name, department, or title.
- Do not email your response.
- Once completed, print the form, seal it in the attached pre-addressed envelope without adding your identifying information, and deposit it in the secure lockbox located ___________. Only the Select Board Chair has the key to the drop box and will view responses.
Please deposit your response in the drop box no later than 4:00 p.m. on _____________________.

| Demonstrate impeccable professional and personal ethical standards, integrity, respect, honesty and accountability. Inspire others to highest
**Open Response:**
Please consider providing comments regarding the Town Manager’s strengths, skills, accomplishments, impacts on the organization, opportunities for improvement and any other information you think relevant to his evaluation.
A. Goals from Previous Year

1. The Town Manager will continue to regularly and frequently inform the Select Board and keep them fully apprised about key town operations, incidents, and developments. This is particularly important for high visibility issues as well as for key developments that pertain to Select Board members’ liaison assignments.

2. The Town Manager will strive to improve his depth of knowledge of Concord and of town operations. The Select Board expects the Town Manager to diligently pursue a more complete understanding of town operations and the Concord community as a whole and for this to be evident in his decisions and deliberations.

3. The Town Manager will ensure that the Select Board always receives a complete and accurate meeting packet by Friday for each Monday meeting. Furthermore, he is advised to pro-actively preview each agenda item in advance with regard to OML, Town policies, Town Counsel review, etc., giving guidance to the Select Board chair as needed. The Town Manager needs to be prepared for his weekly Town Manager’s report and have already discussed with his appropriate staff member(s) weekly Select Board agenda items. Acknowledging attribution for staff content contributions is important.

4. The Town Manager will work hard to keep an open mind, asking questions and listening closely before making a decision. He will make a habit of listening closely to staff, Select Board members, and community voices, including those that he is not inclined to agree with. He will implement Select Board decisions faithfully and bring issues back to the board if any revisions are required.

5. Within the next few months, the Town Manager is strongly encouraged to solicit feedback from the SMT via the HR Director to gauge the effectiveness of his working relationship with his team and to solicit suggestions for improvement.

6. Regarding Personnel Management, the Town Manager will inform the Select Board on issues such as collective bargaining strategy and progress, significant personnel changes at the SMT level, and any planned major organizational change.
## Relationship with the Board of Selectmen

1. Accomplishes goals and objectives established for the year.
2. Interprets, supports and implements policies and directives of Board.
3. Works well with the chair to establish clear direction for Selectmen meetings by providing agendas and support material that allow for reasonable policy formation and decision making.
4. Keeps Board informed on issues, needs and operation of the Town departments.
5. Offers professional advice to the Board on items requiring action, with appropriate recommendations based on thorough study and analysis.
6. Fully informs the Board of the implications of all major personnel and program changes.
7. Provides Board with pertinent and timely information regarding performance of Town operations.
8. Maintains a professional working relationship with the Board promoting a climate of mutual respect and trust.

### Strengths and Weaknesses:

- **Strengths:**
  - Consistently Exceeds Expectations
  - Consistently meets occasionally exceeds expectations
  - Meets Expectations
  - Needs Improvement
  - Does not Meet Expectations
  - Cannot Evaluate

- **Weaknesses:**

### Suggested Goals for the Upcoming Year:

- **Goals:**
  - for the Upcoming Year:
B.C. Leadership

1. Effectively implements the policies of the Board of Selectmen and relevant decisions of Town Meeting.

2. Keeps abreast of the latest developments in government regulation and legislation and advises the Board as to possible local influence and impact.

3. Inspires others to highest professional standards.

4. Prepares annual and interim reports on continuing programs and issues of concern.

Strengths and Weaknesses:

Suggested Goals for the Upcoming Year:
Strengths, Weaknesses, Suggested Goals
1. Assures the safe and efficient operation of Town departments.

2. Administers Town departments in accordance with the state and federal laws, the Town Charter and Bylaws, Standing Votes, Rules and Regulations, and Administrative Policies and Procedures.

3. Delegates responsibility effectively and appropriately.

4. Establishes and maintains channels of communication.

5. Maintains adequate records for the Town departments, including a system of financial accounts, business and property records and personnel records.

6. Manages his time so he can give proper attention to those priorities established by him and the Board.

**Strengths and Weaknesses:**

**Suggested Goals for the Upcoming Year:**

*Strengths, Weaknesses, Suggested Goals*
**D.E. Budget Management**

1. Coordinates preparation of the annual budgets.
2. Presents the budgets to the Selectmen in a manner which promotes their full understanding.
3. Expends Town Meeting-approved budgets through effective use of budget forecasting, accounting and control systems.
4. Provides creative management of available resources to increase productivity and economy.
5. Recommends annual operating goals and objectives for the Town.

**Strengths and Weaknesses:**

Potential additional items from Candidate Profile and Challenge Statement

As part of the Town Manager search process, stakeholders’ input was used to develop an Ideal Candidate Profile and Challenge Statement that was published and provided to candidates. The Select Board may want to consider incorporating some of these elements into the form the Board members use to evaluate the Town Manager’s performance:

<table>
<thead>
<tr>
<th>In your opinion, to what degree does the Town Manager:</th>
<th>Consistently – A Strength</th>
<th>Usually – Acceptable</th>
<th>Rarely – Needs Improvement</th>
<th>Never – Unmet Need</th>
<th>Unknown / Not Applicable</th>
</tr>
</thead>
<tbody>
<tr>
<td>Demonstrate thoughtful, creative financial budget management as well as strategic capital planning skills.</td>

To: Concord Select Board Chair Linda Escobedo; Select Board Clerk Susan Bates; Select Board Members Terri Ackerman, Jane Hotchkiss, and Matthew Johnson

Subject: Diversity, Equity, and Inclusion in Concord

Date: June 4, 2021

Dear Ms. Escobedo and Members of the Concord Select Board,

West Concord Union Church writes in support of the League of Women Voters of Concord-Carlisle’s request that the Town of Concord establishes a Diversity, Equity, and Inclusion Commission to assess, address, and proactively move our community forward on these issues. We agree that, while the Concord-Carlisle School Committee has recently hired a DEI Director, this action is only the first step in the right direction because we need to reflect, consider, and create plans to make a difference on a town-wide basis.

In our Open and Affirming statement, the members of West Concord Union Church are called to love one another as God loves us, freely and unconditionally. We further believe that diversity enriches our faith community. Therefore, we welcome persons of any sexual orientation, gender identity and expression, age, race, socio-economics status, ethnicity, and physical and mental ability into full membership and participation in the body of Christ. In light of our commitment to our faith community, we hope to inspire the Town of Concord to embrace this moment in history, as our nation confronts its legacy of the original sin of slavery and its continued manifestation in the fabric of our society.

We hope that you will give the proposed Diversity, Equity, and Inclusion Commission the time and attention it deserves in July after the Town Meeting.

Sincerely yours,

Hannah Brown
Pastor

Matthew J. DeGreeff
Moderator

Andrew Southcott
Clerk

Cc: Julie Rohwein, President, League of Women Voters Concord-Carlisle
June 1, 2021

To the Select Board of Concord,

We are writing in support of the League of Women Voters request to the Select Board regarding Diversity, Equity and Inclusion in Concord.

Following the example and inspiration of other organizations in our community, First Parish in Concord urges the town of Concord to proactively assess and address the issues of Diversity, Equity and Inclusion.

We urge the Select Board to charter a commission charged with making recommendations on policies and programs which identify and seek to eliminate conscious or unconscious biases and prejudices and increase inclusion of historically disenfranchised demographic groups within our community.

We thank you for your service to Concord in furtherance of our mutual goals to promote a just and more equitable community.

Sincerely,

Peter Nobile, Chair
On behalf of the Standing Committee
First Parish in Concord
Dear Members of the Select Board,

Re: your agenda item 7 for June 21, 2021:  
"Discuss Upcoming Meetings: In-Person, Virtual, Hybrid"

Please make sure that whatever venue the Select Board uses for its own purposes is also available to the public.

In other words, if you meet in person, please allow that the public can attend in person, too.

Zoom capability for those who want to attend - whether Board members or the members of the public - is of course an added bonus.

One of the weak points of the Governor's emergency regulations was the possibility for a Board to meet in person while allowing the public only remote access. This may have made sense during times of high COVID danger, especially when Boards were also meeting remotely. It is disappointing that this provision has not been amended to now provide that the public should be able to attend in the same manner that a Board utilizes.

Another benefit the public misses from remote meetings is the ability to connect with each other during in person meetings (even if public comment is at the discretion of the Chair.) For this reason, please allow as much public comment as possible.

Thank you for your consideration.

A welcome to Mr. Dane to the Select Board, and best wishes to you all,

Tanya B. Gailus
