

Sawyer Trust Fund Energy Projects by Building/Facility:

Emerson Umbrella

2008 - \$9,400 for insulation & air sealing
2010 - \$14,000 for energy efficient lighting upgrade

135 Keyes Road (CPW)

2009 - \$24,605 to replace the failing HVAC system
2010 - \$2,500 for volume dampers and duct work related to the HVAC

Hunt Recreation Center

2009 - \$7,500 to replace metal halide light fixtures with T8 high output fixtures in gymnasium
2009 - \$5,950 to replace outdoor pool pumps
2010 - \$1,336 for LED lighting in the exit signs
2011 - \$27,000 for design & commissioning of new HVAC system
2011 - \$357,000 for new HVAC system

Town House

2009 - \$22,880 for purchase and installation of new storm windows
2010 - \$9,786 for insulated fiberglass door and insulated window

Friends of the Performing Arts in Concord (FOPAC)

2009 - \$45,000 for Buderus boiler, insulation & air sealing and replacing/repairing windows
2009 - \$35,000 for fiberglass insulation, air sealing, rehabilitation of 8 windows, and installation of exhaust fans in the fly tower

Sleepy Hollow Administration Building

2009 - \$39,021 for open cell insulation, hybrid HVAC system, Marvin windows, LED lighting
2010 - \$12,901 for interior insulation, water heaters, fluorescent lighting & labor

Beede Center

2009 - \$19,800 for lighting controls, heating retrofit
2011 - \$3,500 for structural analysis for rooftop solar

Willard School

2010 - \$44,000 for solar panels on the roof

West Concord Fire Station

2009 - \$35,440 for hot water boilers & HVAC components
2010 - \$11,000 for hot water heaters, hot water baseboard, AC, glycol

Public Safety Building (Police/Fire HQ)

2010 - \$106,040 for energy efficient renovations
2010 - \$113,825 for Buderus boiler

2011 - \$3,000 for lighting for 1st floor offices & stairwell (Fire)
2011 - \$16,040 for insulation & plumbing for downstairs offices (Fire)
2011 - \$1,500 for design of AC for downstairs offices (Fire)

DPLM (141 Keyes Road)

2011 - \$3,941 for energy efficient door, LED light & insulation

COMPREHENSIVE INITIATIVES:

Lighting Upgrades

Pilot Project – Town House, Public Safety Building & West Concord Fire Station

2010 - \$28,773 for upgrades to interior lighting fixtures (Town House)

2010 - \$11,845 for upgrades to exterior lighting fixtures (Public Safety)

2010 - \$6,267 for upgrades to interior lighting fixtures (WC Fire)

Phase 2 – CPW (133 & 135 Keyes Road)

2010 - \$31,000 for upgrades to exterior lighting fixtures

Phase 3 – Harvey Wheeler

2011 - \$3,000 for outdoor LED lighting fixtures

Weatherization Audits

Pilot Project – Town House & West Concord Fire Station

2010 - \$9,920 for Weatherization Design Study (infrared analysis & design specs)

2010 - \$36,000 for Weatherization Construction of building envelope efficiency measures

Phase 2 – CPW/DPLM (133, 135 & 141 Keyes Road)

2010 - \$9,985 for Weatherization Design Study (infrared analysis & design specs)

2011 - \$43,000 for Weatherization Construction of building envelope efficiency measures

Hunt Recreation Center

2011 - \$4,285 for Weatherization Design Study (infrared analysis & design specs)

2011 - \$4,000 for Weatherization Construction of building envelope efficiency measures
