2. See Table 10-13 for historic resources in MMNHP in Concord, Lexington, and Lincoln.
3. Walden Pond State Reservation is in Concord and Lincoln.

Time Above (TA) is a separate noise analysis metric that calculates the time during a 24-hour period that aircraft noise exceeds either a threshold level of 65 dBA (TA65) or 55 dBA (TA55). Time Above 65 dBA indicates periods when speech interference is possible unless the speaker uses a raised voice. Further detail on Time Above analysis is presented in Chapter 7. TA values generally decreased in 2017 when compared to 2012. TA65 values in 2017 range from 0.2 minute a day at the East Village Historic District in Lexington to approximately 27.5 at the Wheeler-Meriam House in Concord (compared to 0.1 and 32.5 in 2012). TA55 values in 2017 range from 2.4 per day at the East Village Historic District to 121.5 minutes per day at the Wheeler-Meriam House (compared to 0.5 to 113 in 2012).

10.4.3 Existing Traffic Conditions for National and State Registers Properties

The relationship of National and State Registers properties and the 10 Traffic Study Area (TSA) intersections is shown in Figure 10-4. In accordance with the EEA Scope for the 2017 *ESPR*, as with standard traffic reviews, traffic associated with Hanscom Field is considered to have a significant impact on an intersection if one or more of the intersection's individual traffic movements consist of 10 percent or more of Hanscom Field-related traffic. For the 2017 *ESPR* traffic analysis, three intersections met this threshold: #5) Hanscom Dr./Old Bedford Rd., Lincoln; #6) Route 2A/Hanscom Dr., Lincoln; and #8) Old Bedford Rd./Virginia Rd., Concord. National and State Registers-listed historic properties are located near #6) Route 2A/Hanscom Dr., Lincoln, which is next to the MMNHP. Hanscom Field contributes less than ten percent at the other 10 *ESPR* study area intersections. Intersections 5, 6 and 8 and nearby historic resources are listed in Table 10-6.

Table 10-6 Historic Architectural Resources in the MHC Inventory and MACRIS near 2017 TSA Intersections

Traffic Study Area Intersection ¹	MHC #	Name	Designation ²
#5) Hanscom Dr./Old Bedford Rd. (Lincoln)	None	None	None
#6) Route 2A /Hanscom Dr. (Lincoln)	Multiple	Minute Man National Historical Park	NHL, NR
#8) Old Bedford Rd./Virginia Rd. (Concord)	CON.BL	Lower Old Bedford Rd./Virginia Rd. Area	MACRIS
	CON.1068	Frank Peterson House	MACRIS (CON.BL)
	CON.1069	Patrick Dalton House	MACRIS (CON.BL)
<p>Notes:</p> <p>1. Based on MEPA Scope Certificate for the 2017 ESPP, Hanscom Field traffic is considered to impact an intersection if one or more of the intersection's individual traffic movement(s) consists of ten or more percent Hanscom Field-related traffic.</p> <p>2. NHL – National Historic Landmark; NR – National Registers of Historic Places; MMNHP – Minute Man National Historical Park; CON.BL – survey area in Concord; MACRIS – Massachusetts Cultural Resource Information System.</p>
