67 Bow St. Fence Proposal

Current South/Left Fence and Gate

Current North/Right Fence and Gate

67 Bow St. Fence Proposal

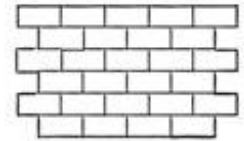

Current walkway

Current concrete step: 32'' x 45''

Proposing replacing step with grey granite step 32'' x 81'' (widening 18'' in either direction)

Proposing relaying brick in a classic runner bond pattern and widening the walkway to 66'' wide and lengthening to 33' long (bringing the walkway to a natural finish at the road). Additional brick will match current brick.
