RE: 228 Main Street – Proposed Fence

Narrative:

The proposed work will be located at 228 Main Street on the campus of Concord Academy, noted as Building 11 in the property card.

An existing white painted fence on the south side of the west side yard facing the Main Street will be removed. This fence will be replaced and extended around the side and back of the yard on the west side of the house. The new fence be a natural cedar fence that would be allowed to weather over time. No trees or plantings are to be removed as part of this project.
