Mission Statement:

This account funds certain charges that are levied on the Town by State Law, which are not subject to Town Meeting appropriation. The primary item (constituting 85% of the General Fund assessment paid in FY13) is the Town's share of MBTA operating deficits.

Budget Highlights:

- The fiscal plan allows for a 2.5% increase in the MBTA assessment, to \$386,800.

Expenditure Summary

	FY12 Actual	FY13 Actual	FY14 Budgeted	FY15 Proposed
General Fund	\$ 427,926	\$ 441,326	\$ 429,403	\$ 442,500
Other Funds	\$ 13,020	\$ 12,660	\$ 12,660	\$ 18,000
Total Expenditures	\$ 440,946	\$ 453,986	\$ 442,063	\$ 460,500

Description:

Certain charges are levied on the Town by state law and are not subject to Town Meeting appropriation. The principal item is the Town's assessment for MBTA services, which is \$377,367 for FY14 and is estimated at \$386,800 for FY15. While existing state law stipulates that assessments on cities and towns in the aggregate cannot rise more than 2 ½% per year, the allocations to individual municipalities are determined in part by relative equalized property valuation. A portion of the MBTA charge is allocated by periodic passenger boarding counts. Thus, the forecasted charges to an individual municipality are not precisely predictable. Further, the state legislature has acted on occasion to exceed this overall 2 ½% growth limit.

Legislation enacted in 1999 as part of the state budget established a new structure for financing the MBTA. Over the ensuing years, this legislation promised a modest reduction in Concord's assessment as the paying district was enlarged beyond the prior 78 cities and towns previously comprising the assessment area. The assessment paid in FY01 was \$364,828. It declined to \$316,373 in FY06, but has since increased at an average annual rate of 2 ½%. The MBTA assessment for FY15 is budgeted to increase by 2 ½%.

Mission Statement:

This account covers the costs of property tax abatements, exemptions, abatements granted by the local Board of Assessors, and appeals made to the State Appellate Tax Board or the courts.

Budget Highlights:

- About \$125,000 of the Overlay account covers the expected cost of property tax exemptions granted to eligible taxpayers by state law.
- Balances are being retained in prior year accounts to cover an estimated \$58,000 abatement exposure for FY09 personal property taxes – poles and wires over public ways – valued by the state DOR prior to a FY10 statute which clarified their taxable status. A State Appeals Court on March 19, 2012 ruled against the State. On May 3, 2012, the SJC denied further review.

Expenditure Summary

	FY12 Actual	FY13 Actual	FY14 Budgeted	FY15 Proposed
Original Overlay	\$ 500,183	\$ 538,810	\$ 539,880	\$ 550,000

Description:

"Overlay" is the amount added to the property tax levy in excess of the sum required to meet appropriations, state assessments, and deficits (if any). It cannot exceed five percent of the levy and is used to cover abatements and exemptions granted by the Board of Assessors or as a result of appeals to the State Appellate Tax Board or to the courts. The overlay amount is counted in the total tax levy subject to the limitations of "Proposition 2 ½."

After all abatements and exemptions have been settled for a given year, any surplus remaining in that year's overlay account is first applied to any deficit balances from other years. Funds remaining after such transfer become part of the Town's fund balance available for appropriation by Town Meeting ("Free Cash"). The overlay amount itself is not subject to Town Meeting appropriation or ratification. It is, however, a part of the Town's budget plan. A deficit overlay balance which cannot be met from any other year's overlay account surplus must be raised as part of the next tax levy. This allocation must, by state law, also remain within the annual levy limit prescribed by "Proposition 2 ½."

Account Summary:

This account helps the Town address snow removal expense that can vary substantially from year to year. State law permits the appropriation for snow and ice removal to be overspent. The budget plan each year makes allowance for this possibility. This account also handles Overlay Account deficits, covering property tax abatements and exemptions.

Budget Highlights:

- The average annual expenditures for FY04-FY13 is \$571,683.
- The budget objective is to appropriate at or close to the 10-year average (see Item 18, Snow & Ice Removal). The FY15 Proposed Budget is \$15,000 short of this objective.
- Variance from the average annual cost is significant; the average deviation for the past ten years is \$193,000.
- The average annual snow account deficit for the past 5 years is \$119,747.
- The FY15 Budget Plan provides for a current year cost overrun at approximately the average deficit of the past 5 years.

Expenditure Summary - Snow Account Deficit

	FY12 Actual	FY13 Actual	FY14 Budgeted	FY15 Proposed
General Fund	\$ 157,838	\$ -	\$ 101,951	\$ 120,000

Description:

Snow removal expense is unpredictable from year to year and is subject to wide variations. The budget strategy is to recognize long-term trends without assuming a "worst-case" situation. As long as the amount originally appropriated is at least equal to the prior year's original appropriation, the state law permits deficit spending for this purpose. The amount of any deficit is then added to the following year's levy. However, this is subject to the levy limit, so budget changes could be required if the size of the snow removal deficit is greater than the budget plan allowance. By the time of the Annual Town Meeting, the size of the deficit is known or at least susceptible to more precise estimation and is considered in making any final revisions to the proposed budget. Authorization to spend in excess of the appropriated budget for Snow and Ice Removal requires the joint approval of the Town Manager and the Finance Committee.

The amounts shown above as an "expenditure" represent budget overruns of the prior year added to the budget of the year shown, as authorized by MGL Ch.44, s31D. For example, the FY14 snow and ice deficit budget covers the deficit that may be incurred during FY14 (July 1, 2013 - June 30, 2014) which would have to be funded as part of the FY15 tax levy. This is an estimate only, at this stage of the FY15 planning process.

Snow and Ice Appropriation and Surplus/Deficit History

Discussion: The above chart demonstrates that while the Town’s snow and ice removal appropriation has risen steadily over the past 10-years (see the above line-graph), the actual cost of snow and ice removal is unpredictable (see the above bar graph) and has exceeded the appropriation in 8 of the past 10 years (by an average of approximately \$127,000).
