Natural Resources Commission
141 Keyes Road
Concord, MA

Re: 150 Garfield Road
Concord, MA

Dear Members of the Commission,

In response to a request from the Commission we have calculated the quantity of fill brought to the site since the issuance of the Order of Conditions on December 18, 2020 to be approximately 5,480 cubic yards. We also have found that the septic tank and leaching area have had approximately 10 feet of fill added over them since that date.

Sincerely,

Stamski and McNary, Inc.

Jonathan D. Bollen, P.L.S.

Joseph March, P.E., P.L.S.
