Update on Tornado Cleanup Efforts

Town Staff met this morning to discuss the progress of the cleanup process underway following yesterday morning's EF-1 tornado and have the following information to update the public:

- As of this morning, we have 68 customers without power in the affected areas on Lexington Road, Alcott Road and Independence Road. Crews are working to restore power to everyone as quickly as possible.
- Lexington Road is still closed, and the contractor clearing debris will not be released until the road is safe and accessible. Our Public Works Department will follow-up by sweeping the roadway. For the time being, please seek an alternate route and spread the word to neighbors who may be traveling through the area. We are hoping to reopen Lexington Road at some point later today.

Crews are working hard to make this cleanup process as quick and efficient as possible, so we remind the public to stay clear of the area, so they are able to complete the work without disruption. Further updates will come as they are made available.
